

The ORANGE FAIRY BOOK

EDITED BY
ANDREW LANG

It is almost impossible to envision what childhood would be like without the enchanting world of fairyland. Old witches in cloaks of gold, giants that turn into dwarfs, tears that become birds, monsters and magicians, ogres and fairies—these are the companions who thrill boys and girls of all lands and times, as Andrew Lang's phenomenally successful collections of stories have proved. From the day they were first printed, the Lang fairy tale books of many colors have entertained thousands of youngsters, as they have also brought pleasure to parents who have read these classics to their children.

The Orange Fairy Book delves into the oral traditions of Rhodesia, Uganda, and the American Indian; the traditions of the Punjab and of Iceland; and such familiar European sources as Hans Christian Andersen (*The Ugly Duckling*) and Madame d'Aulnoy (*The White Doe*) for its 33 stories. But it is not important that the lad climbing the tree to a cloud kingdom is an Indian brave rather than Jack, or that the giant-killer Makoloma is African. The events are familiar favorites with children the world over.

All the tales are narrated in clear, lively prose. Not only are Lang's collections generally considered to contain the best English versions of the standard fairy tales; they are also the richest and widest in range. His position as one of England's foremost folklorists as well as a first-rate editor make his collections unmatched in the English language.

"Admirable series of photographic reprints of the first editions. . . . Altogether very good value," *New York Review of Books*.

Unabridged republication of the 1st (1906) edition.

fairy books read to them do not read prefaces and the parents aunts uncles and cousins who give fairy books to their daughters nieces and cousins leave prefaces unread For whom then are prefaces written When an author publishes a book out of his own head he writes the preface for his own pleasure After reading over his book in print to make sure that all the u s are not printed as n s and all the n s as u s in the proper names then the author says mildly in his preface what he thinks about his own book and what he means it to prove if he means it to prove anything and why it is not a better book than it is But perhaps nobody reads prefaces except other authors and critics who hope that they will find enough in the preface to enable them to do without reading any of the book This appears to be the philosophy of prefaces in general and perhaps authors might be more daring and candid than they are with advantage and write regular criticisms of their own books in their prefaces for nobody can be so good a critic of himself as the author if he has a sense of humour If he has not the less he says in his preface the better These Fairy Books however are not written by the Editor as he has often explained out of his own head The stories are taken from those told by grannies to grandchildren in many countries and in many languages French Italian Spanish Catalan Gaelic Icelandic Cherokee African Indian Australian Slavonic Eskimo and what not The stories are not literal or word by word translations but have been altered in many ways to make them suitable for children FAIRIES

The Orange Fairy Book The Fairy Book Tales Introduction

In today's digital age, the availability of The Orange Fairy Book The Fairy Book Tales books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of The Orange Fairy Book The Fairy Book Tales books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of The Orange Fairy Book The Fairy Book Tales books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing The Orange Fairy Book The Fairy Book Tales versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation.

Furthermore, The Orange Fairy Book The Fairy Book Tales books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing The Orange Fairy Book The Fairy Book Tales books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide

range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for The Orange Fairy Book The Fairy Book Tales books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, The Orange Fairy Book The Fairy Book Tales books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of The Orange Fairy Book The Fairy Book Tales books and manuals for download and embark on your journey of knowledge?
