The Disappeared - The Cleveland Kidnappings and Other Shocking Cases Al Cimino, 2014-05-08 When the news broke in May 2013 that three women had been held captive for over ten years in Cleveland Ohio the world was stunned Not only had the women been imprisoned in an ordinary house a few blocks from where they had disappeared but their captor Ariel Castro had never been a suspect in their kidnapping The revelation sent shockwaves through the community and sparked widespread fear among the inhabitants of seemingly normal neighbourhoods everywhere This is not a standalone case In 2008 42 year old Elisabeth Fritzl emerged from the cellar of her family home in Austria having been imprisoned and raped by her father for 24 years In the UK the British Fritzl held his two daughters captive for 28 years moving frequently enough not to raise suspicion and fathered seven children by them In this gripping book Al Cimino explores the appalling truth behind these and several more cases of the disappeared delving into the depths of human depravity that enabled such cruel acts and shining a light on the courage fortitude and tenacity of the survivors This is a tribute to those victims and a testament to the strength of human spirit as well as a forensic study of a particularly heinous crime Between the Cracks 1-6 P.D. V. Loewen, 2020-10-30 The serpentine narrative of Kristen Seraphim continues unabated as the youthful heroes must not only confront themselves and their past in a novel manner but rebuild their team half of whom are at first in utter ignorance of any of their once shared accomplishments let alone the Earth as it is now at hand Prepare yourself for a blistering ride that will send your imagination into orbit But around which world With both God and the Devil apparently merged and lost alike the stunning relief felt by the now veteran half of the heroic community at the appearance of their comrades successors is instantly turned to anxiety and shock as Mary discovers she is inexplicably pregnant By whom or by what And then again who or what kind of being is now developing before their very eyes The new Kristen struggles under the weight of the feats of her predecessor and doubts Mike s enduring love for her Likewise both Michelle and Kylie must come to terms with the tragic fates of their previous selves but this too holds a bizarre twist Yet their enemies have hardly given up A continuous assault by anachronistic figures the appearance of the Smythes interdimensional siblings and impossible events that seem to stop time itself all figure to unravel the gains made by the legendary team The most hoped for and yet dreaded moment prompts their new leader to make for herself an oddly existential sacrifice and thus set the stage for what may be the final showdown with the liminalist forces **All or Nothing at All** , **Cincinnati Magazine** , 1980-01 Cincinnati Magazine taps into the DNA of the city exploring shopping dining living and culture and giving readers a ringside seat on the issues shaping the region **Trifecta - Box Set - 3 Novels** Pamela M. Demons in the USA Michael E. Heyes, 2024-09-24 *Demons in the USA* argues that the discourse on the demonic that developed in the nineteenth century continues to exert a powerful hold over the American spiritual imagination The book begins by tracing the conservative Christian encounter with Spiritualism in the nineteenth century and the mode of thinking about the demonic which developed As Spiritualism's core principles reappeared in the New Age Christian interlocutors once more drew on this anti Spiritualist paradigm to condemn the movement This condemnation is absorbed by and amplified through the film *The Exorcist* The author considers how the success of the film disseminates the anti Spiritualist paradigm in surprising ways entangling it with entertainment science and politics such that it influences psychology the Satanic Panic of the 1980s and the contemporary QAnon movement This entanglement points to the broader argument of the work While we may wish to think of a film as entertainment and thus having no bearing on reality or demonic material as religious and thus exempt from categories like politics or science the truth is that categories are not so easily separated The author contends that the need to enforce the boundaries of such categories and the failure to do so is a hallmark of the intellectual construct of modernity and that those who believe in demons in the contemporary United States are surprisingly modern in their views The book grounds the importance of media to the twentieth and twenty first century religious experience arguing that the United States of today would not be possible without *The Exorcist* and its products *Demons in the USA* will be of particular interest to scholars dealing with religion in America those with a focus on religion and film or those involved with contemporary demonology
