The Passion of Avn Rand, Avn Rand and the World She Avn Rand, Made Anne Conover Heller, 2010-10-19 A New York Times Notable Book A Chicago Tribune Favorite Book of the Year A San Francisco Chronicle Best Book of the Year Ayn Rand's books have attracted three generations of readers shaped the Libertarian movement influenced White House economic policies throughout the Reagan years and beyond and inspired the Tea Party movement Yet twenty eight years after her death readers know very little about her life In this seminal biography Anne C Heller traces the controversial author's life from her childhood in Bolshevik Russia to her years as a Hollywood screenwriter the publication of her blockbuster novels and the rise and fall of the cult that worshipped her in the 1950s and 1960s Based on original research in Russia and scores of interviews with Rand's acquaintances and former acolytes Ayn Rand and the World She Made is a comprehensive and eye opening portrait of one of the most significant and improbable Ayn Rand and the Russian Intelligentsia Derek Offord, 2022-05-05 This book figures of the twentieth century examines the writings of the American novelist Ayn Rand especially The Fountainhead 1943 and Atlas Shrugged 1957 which Rand considered her definitive statement about the need for an unregulated free market in which superior humans could fully realize themselves by living for no one but themselves It explores Rand's conception of American identity which exalted individualism and capitalism and her solution for saving the modern American nation which she believed was losing the spirit of its 18th and 19th century founders and frontiersmen having been degraded morally and economically by the rampant socialism of the mid 20th century world Derek Offord crucially goes on to analyse how Rand's writings functioned as a vehicle in which she a Russian Jewish writer born in St Petersburg in 1905 engaged with ideas that had long animated the Russian intelligentsia Her conception of human nature and of a utopian community capable of satisfying its needs her reversal of conventional valuations of self sacrifice and selfishness her division of humans into an extraordinary minority and the ordinary mass her comparison of competing civilizations in all these areas Offord argues that Rand drew on Russian debates and transposed them to a different context Even the type of novel she writes the novel of ideas is informed by the polemical methods and habits of the Russian intelligentsia The book concludes that her search for a brave new world
