Secrets to Startup Success John BRADBERRY, 2011-03-20 It takes passion to start a new business. But that same entrepreneurial enthusiasm can also lead you astray. Over six million Americans start businesses every year. That's 11 startups a minute launched by passionate dreamers hoping to transform their lives for the better. *The 5 Habits of Prayerful People*  
Michael St. Pierre, 2019-04-05

What if prayer could become one of the most rewarding and meaningful aspects of your whole life? What if you could use the skills productive people use to help you pray? Michael St. Pierre, executive director of the Catholic Campus Ministry Association and a productivity expert, shares five habits that you can use to help you gain confidence in your prayer and strengthen your relationship with God. Catholics are taught that prayer is necessary to live their faith, but many sincere Mass goers find it almost impossible to pray consistently. They know that prayer is at the core of a relationship with God, but many still don't have a clue about how to go about integrating prayer into their everyday lives. As a result, their confidence level related to prayer is low. St. Pierre began his own journey to prayer as a young adult, stumbling through the Rosary with uncertainty and frustration. Only when he decided to show up and do his best did he begin to build a consistent habit of prayer. After he started studying human productivity, he realized that some of the same principles could apply to the spiritual life. In his first book, *The 5 Habits of Prayerful People*, St. Pierre shares his unique and practical approach that will teach you how to make prayer part of your everyday life. You will learn how to cultivate the habits of passion and pursuit, presence, preparation, and planning, persistence, and perseverance, pondering. Written in the tone and style of a popular business book, St. Pierre shares inspirational success and instructional failure as he helps readers to stop procrastinating and unlock the doors to a fruitful conversation with God.

Praise for *Wide Angle Vision*: In this book, Wayne Burkan shows us that the vantage points from which we view and act can earn us critical advantages if we are willing to stretch our thoughts and practices beyond the edge of conventional thinking. Robert W. Galvin, Chairman of the Executive Committee and former CEO of Motorola, says Wayne Burkan's *Wide Angle Vision* is a very pragmatic and useful guide to dealing with and implementing change. His concept of edge as it relates to customers, employees, and competitors should help many organizations struggling with the rapidly changing marketplace and the endless panaceas being promoted. David R. Stamper, Vice President and General Manager, Hitachi Data Systems Latin American Division, says: "At Southwest Airlines, we redefined air transportation by utilizing edge thinking. Wayne Burkan is offering a flight plan that, if studied, understood, and followed, will improve your bottom line for the long term. If you really want to be on the leading edge for your product or service, this is the place to begin." Howard Putnam, Speaker, author.
