

Grade 10 History
Chapter 30 Section 1

These are notes I made for the History quiz. I can't guarantee this contains 100% of all content but I hope it covers most important points. I got information from:

- ✓ Textbook
- ✓ PowerPoint presentation
- ✓ Class notes

Note: Since these notes contain information from the book, there are many details. If you only want to study the main ideas, you can read the PowerPoint, but the teacher said it won't be enough.

Sec 1 Revolutions in Russia

Setting the stage

- Many factors led to the Russian Revolution over a long time.
- The Revolution happened in 1917, but for almost a century the harsh rule of the czars had caused social unrest.
- Many groups revolted in the 1800s.
- Russia was heading towards a full-scale revolution.

Czars Resist Change

Alexander III

- In 1881, Czar **Alexander III** ruled Russia after his father, **Alexander II**.
- He stopped all reforms in Russia.
- Like his grandfather Nicholas I, Alexander III stuck to the ideas of **autocracy**, a form of government where the czar had **total power**, just like absolute monarchy.
- Anyone who questioned the czar's absolute authority, worshipped outside the Roman Orthodox Church, or spoke a language other than Russian was considered dangerous.

Harsh rule

- To wipe out revolutionaries, Alexander III used harsh measures.
- He put **strict censorship** on documents, including private letters.
- His secret police watched schools and universities. Teachers had to send reports on every student.
- Prisoners were sent to **Siberia**, a cold and empty region in eastern Russia.

An American Dilemma Gunnar Myrdal, 2017-11-13 In this landmark effort to understand African American people in the New World Gunnar Myrdal provides deep insight into the contradictions of American democracy as well as a study of a people within a people The title of the book *An American Dilemma* refers to the moral contradiction of a nation torn between allegiance to its highest ideals and awareness of the base realities of racial discrimination The touchstone of this classic is the jarring discrepancy between the American creed of respect for the inalienable rights to freedom justice and opportunity for all and the pervasive violations of the dignity of blacks The appendices are a gold mine of information theory and methodology Indeed two of the appendices were issued as a separate work given their importance for systematic theory in social research The new introduction by Sissela Bok offers a remarkably intimate yet rigorously objective appraisal of Myrdal a social scientist who wanted to see himself as an analytic intellectual yet had an unbending desire to bring about change *An American Dilemma* is testimonial to the man as well as the ideas he espoused When it first appeared *An American Dilemma* was called the most penetrating and important book on contemporary American civilization by Robert S Lynd One of the best political commentaries on American life that has ever been written in *The American Political Science Review* and a book with a novelty and a courage seldom found in American discussions either of our total
