Trust and Transparency in an Age of Surveillance Lora Anne Viola,Paweł Laidler,2021-11-29 Investigating the theoretical and empirical relationships between transparency and trust in the context of surveillance this volume argues that neither transparency nor trust provides a simple and self evident path for mitigating the negative political and social consequences of state surveillance practices Dominant in both the scholarly literature and public debate is the conviction that transparency can promote better informed decisions provide greater oversight and restore trust damaged by the secrecy of surveillance The contributions to this volume challenge this conventional wisdom by considering how relations of trust and policies of transparency are modulated by underlying power asymmetries sociohistorical legacies economic structures and institutional constraints They study trust and transparency as embedded in specific sociopolitical contexts to show how under certain conditions transparency can become a tool of social control that erodes trust while mistrust rather than trust can sometimes offer the most promising approach to safeguarding rights and freedom in an age of surveillance The first book addressing the interrelationship of trust transparency and surveillance practices this volume will be of interest to scholars and students of surveillance studies as well as appeal to an interdisciplinary audience given the contributions from political science sociology philosophy law and civil society The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

America's Unpatriotic Acts Walter M. Brasch,2005 Within six weeks of 9 11 in a nation gripped by fear and hatred Congress overwhelmingly approved the USA PATRIOT Act drafted in secret by the Department of Justice There was almost no debate and few in Congress were given more than a few hours to read the 342 page document In America s Unpatriotic Acts award winning journalist and university professor Walter M Brasch looks not just at the effects of the PATRIOT Act upon the nation but also at the innumerable civil rights violations conducted in the United States as well as by the United States in foreign countries during the three years following 9 11

Troubling Transparency David E. Pozen,Michael Schudson,2018-08-07 Today transparency is a widely heralded value and the U S Freedom of Information Act FOIA is often held up as one of the transparency movement s

canonical achievements Yet while many view the law as a powerful tool for journalists activists and ordinary citizens to pursue the public good FOIA is beset by massive backlogs and corporations and the powerful have become adept at using it for their own interests Close observers of laws like FOIA have begun to question whether these laws interfere with good governance display a deleterious anti public sector bias or are otherwise inadequate for the twenty first century s challenges Troubling Transparency brings together leading scholars from different disciplines to analyze freedom of information policies in the United States and abroad how they are working how they are failing and how they might be improved Contributors investigate the creation of FOIA its day to day uses and limitations for the news media and for corporate and citizen requesters its impact on government agencies its global influence recent alternatives to the FOIA model raised by the emergence of open data and other approaches to transparency and the theoretical underpinnings of FOIA and the right to know In addition to examining the mixed legacy and effectiveness of FOIA contributors debate how best to move forward to improve access to information and government functioning Neither romanticizing FOIA nor downplaying its real and symbolic achievements Troubling Transparency is a timely and comprehensive consideration of laws such as FOIA and the larger project of open government with wide ranging lessons for journalism law government and civil society *No Greater Threat* C.
