[Educators in Vocational and Further Education](#) Sai Loo, 2022-02-17 This book includes a range of empirical based international contributions by the global community of teacher educators and related researchers on the Further Education post compulsory vocational occupational and lifelong learning sector It offers theoretical frameworks and empirical data to

delineate issues relating to teacher educators and training in areas regarding policy programmes and pedagogic activities Some of these areas include the education of teachers in vocational education the professionalization of teacher educators in a neoliberal education system and teacher educators perspectives of a training programme for vocational education and training Additionally the areas cover the relevance of coherence in vocational teacher education for teacher educators the use of questioning strategies for teacher educators teacher educators and their initial disciplines journeys and job titles the relevance of craft and reflectivity of teacher educators and the importance of teacher education and mentoring scheme The rationale for this book is that there is a comparative lack of research and related publications on teacher educators and the delivery and design of teacher education facilitation in the sector internationally Also the FE sector is viewed as a backwater of educational research compared to the other sectors Paperbacks in Print ,1979 **Narrative Medicine in Veterinary Practice** Karen R. Fine,2021-10-25 This is the first guide to Veterinary Narrative Medicine a cutting edge approach in human medicine with multiple applications in veterinary medicine The text combines the latest research with numerous real world examples and practical techniques to improve client communication patient care and veterinary well being Narrative Medicine maintains that a patient should be viewed as an individual rather than an example of a disease process and that this can be accomplished by using narrative This book explores methods and theories from leaders in the human Narrative Medicine field while addressing topics unique to veterinary medicine Readers will gain tools to help navigate difficult conversations and situations in clinical practice including those involving the end of life Narrative Medicine in Veterinary Practice also addresses the important issue of veterinary wellness The ability to view the veterinarian s own stories and those of clients and patients as narratives may help practitioners maintain both emotional and work place boundaries as well as decrease burnout and compassion fatigue The book describes basic techniques to promote self reflection and mindfulness skills often overlooked in the veterinary profession which can improve resilience and increase the enjoyment of veterinary practice This is important reading for veterinary practitioners students veterinary nurses technicians social workers and all veterinary clinic staff *The Continental Monthly* ,1862 **Subject Catalog, 1975** Library of Congress,1975
