Peters, 2011-07-01 A comprehensive introduction to the particular challenges and opportunities of congregational ministry in urban settings Urban ministry has long been a part of seminary curricula but a basic and definitive understanding of what students should know as they prepare for congregational ministry in the city has remained elusive Too often it is assumed that the theological resources developed for ministry in other settings are adequate for urban ministry but these resources fail to account for the unique challenges and opportunities of the urban setting Ronald Peters clarifies the nature of urban ministry as a theological discipline by showing how its core values of love justice community and reconciliation among others engage the issues of economics education family life public health ethnic relations and religious life in the urban environment Arguing that the city has always served as an arena of God's activity Peters articulates a theological rationale for urban ministry that is both hopeful and yet realistic affirming that God loves the city and its people and encouraging practitioners to do the same Urban Churches: Vital Signs Nile Harper, 2005-03-14 Written by Nile Harper and six leading pastors this volume tells the stories of twenty eight urban churches that are successfully contributing to the transformation of inner city communities in fifteen major cities across America Atlanta Baltimore Chicago Cincinnati Cleveland Denver Detroit Houston Kansas City Los Angeles New York City Portland San Francisco Savannah and Washington D C **The Routledge History Handbook of Gender and the Urban Experience** Deborah Simonton, 2017-02-03 Challenging current perspectives of urbanisation The Routledge History Handbook of Gender and the Urban Experience explores how our towns and cities have shaped and been shaped by cultural spatial and gendered influences This volume discusses gender in an urban context in

Varieties of Religious Space. Freedom, Worship and Urban Justice Melisa Liana Vazquez, 2024-05-07

Negli ultimi anni si sovente parlato di de secolarizzazione Al tempo stesso tuttavia non si mai spenta la voce di chi afferma che la modernit ha inaugurato un epoca in cui la religione in via di estinzione e la secolarizzazione ha vinto la partita della storia Se cos fosse un libro sullo spazio religioso sarebbe poco pi che un testo su un tema di nicchia C da chiedersi tuttavia lo spazio religioso pu davvero considerarsi scisso e categoricamente distinguibile dallo spazio in generale Le citt europee sono state storicamente costruite intorno a una chiesa collocata accanto alla sede del governo generando a sua volta lo spazio della piazza pubblica principale Nella maggior parte dei siti urbani questa distribuzione topografica urbana permane e l Italia costituisce da questo punto di vista un esempio paradigmatico Proprio in Italia i conflitti sull utilizzo delle chiese cattoliche in disuso sulle comunit musulmane che necessitano di spazi per la preghiera sugli spazi interreligiosi e sul connesso uso dello spazio urbano nel suo complesso riflettono preoccupazioni pressanti su come vivere le nostre citt sempre pi plurali e su come definire i confini tra la libert degli uni e la libert degli altri Su questo terreno di scontro entra in gioco il diritto che regola lo spazio e tutte le pratiche che si svolgono al suo interno La liturgia intesa attraverso la sua radice etimologica di azione nello spazio pubblico serve come chiave ricostruttiva cognitiva che potrebbe supportare il diritto a qualificare in modo pi adeguato gli oggetti e i destinatari della regolamentazione da esso offerta Se il tempo e lo spazio sono impossibili da separare guardare indietro l unico modo per scandagliare il futuro e viceversa A questo scopo nel testo vengono offerte alcune brevi incursioni storiche accanto all analisi giuridica dell esperienza contemporanea e ci con l obiettivo di illuminare un percorso possibile verso un orizzonte di giustizia spaziale Nei tre capitoli che lo compongono il volume tratta rispettivamente del rapporto tra spazio sacro e spazio secolare della citt delle questioni teorico giuridiche e giurisdizionali che ruotano attorno al problema della disponibilit dei luoghi di culto all interno del tessuto urbano e infine dei presupposti storici e metodologici per l elaborazione

Worship and Social Engagement in Urban

Aboriginal-led Australian Pentecostal Congregations Tanya Riches, 2019-05-15 *Worship and Social Engagement in Urban Aboriginal-led Australian Pentecostal Congregations* Reimagining Identity in the Spirit provides an ethnographic account of three Australian Pentecostal congregations with Aboriginal senior leadership. Within this Pentecostalism, Dreaming realities and identities must be brought together with the Christian gospel. Yet current political and economic relationships with the Australian state complicate the possibilities of interactions between culture and Spirit. The result is a matrix or network of these churches stretching across Australia with Black Australian Pentecostals resisting and accommodating the state through the construction of new and ancient identities. This work occurs most notably in context of the worship ritual which functions through ritual interaction chains to energise the various social engagement programs these congregations sustain.

The Death Care Industry and Urban Gun Violence Melvin Delgado, 2025-08-03 This book provides a unique foundation upon which to view how the involvement of the death care sector offers a potential route to take in practice and research in reaching urban communities of color dealing with gun-related deaths. Gun violence in the United States is a salient national problem with virtually no day that goes by without it occurring. Where gun violence occurs in turn must be examined to facilitate understanding of how context influences the significance of the shooting. In the case of this book, the context is urban and death care sector: funeral homes, cemeteries, and houses of worship. Understanding how these settings shape public reactions helps inform us as to how best to address this social and public health problem in the nation's urban centers and its consequences for communities. The book addresses five interrelated goals that weave together a variety of themes to produce a vision and guidance needed for a new practice arena: 1. ground readers in the latest statistical information on urban gun violence in this country; 2. review existing approaches to preventing and intervening in community gun violence with a focus on cities; 3. uplift the importance of the death care industry in meeting the needs of families and friends of gun victims; 4. provide readers with details and insights into how to develop collaborative projects with systems of care through a series of case illustrations; and 5. put forth community practice education and research recommendations for how best to prepare future practitioners wishing to work with the death care sector on other related community issues to better serve urban communities. *The Death Care Industry and Urban Gun Violence* is a must-read for community psychologists, social workers, public health practitioners, community educators, sociologists, community medical providers, criminologists, and urban planners, as well as academics and students in these fields. Policy makers will also find the book of interest.

Africa's Urban Youth Amy S. Patterson, Tracy Kuperus, Megan Hershey, 2023-08-10 Making up 65 percent of Africa's population, young people between the ages of 18 and 35 play a key role in politics yet they live in an environment of rapid urbanization, high unemployment rates, and poor state services. Drawing from extensive fieldwork in Ghana, Uganda, and Tanzania, this book

investigates how Africa's urban youth cultivate a sense of citizenship in this challenging environment and what it means to them to be a good citizen. In interviews and focus group discussions African youth activists and community leaders vividly explain how income, religion, and gender intertwine with their sense of citizenship and belonging. Though Africa's urban youth face economic and political marginalization as well as generational tensions, they craft a creative citizenship identity that is rooted in their relationships and obligations both to each other and the state. Privileging above all the voice and agency of Africa's young people, this is a vital systematic examination of youth and youth citizenship in urban environments across Africa.

While French *laïcité* is often considered something fixed, its daily deployment is rather messy. What might we learn if we study the governance of religion from a dynamic bottom-up perspective? Using an ethnographic approach, this book examines everyday secularism in the making. How do city actors understand, frame, and govern religious diversity? Which local factors play a role in those processes? In *Urban Secularism: Negotiating Religious Diversity in Europe*, Julia Martínez-Ariño brings the reader closer to the entrails of *laïcité*. She provides detailed accounts of the ways religious groups, city officials, municipal employees, secularist actors, and other civil society organisations negotiate concrete public expressions of religion. Drawing on rich empirical material, the book demonstrates that urban actors draw and reproduce dichotomies of inclusion and exclusion and challenge static conceptions of *laïcité* and the nation. Illustrating how urban, national, and international contexts interact with one another, the book provides researchers with a deeper understanding of the multilevel governance of religious diversity.
