Bastions of the Believers Yoginder Sikand, 2005 The emergence of radical Islamist movements in various parts of the world the rise and fall of the Taliban in Afghanistan the 9 11 attacks widespread vilification spearheaded by Hindutva groups all these and more have made madrasas a much talked about institution Focussing on the madrasas of India Bastions of the Believers seeks to critically interrogate sensationalist and stereotypical images of the madrasas by highlighting their diversity and the complex social roles that they play in the lives of many Muslims Madrasas as a rule

represent a conservative form of theology and jurisprudence that is in many ways ill suited to a modern pluralistic society. Much of what is taught in madrasas is outdated and unscientific. The Deoband madrasa for instance still insists that the sun revolves around the earth and it has special seating arrangements for invisible jinns. Yet obscurantism need not necessarily lead to militancy and hostility against others. For instance in the decades leading to India's independence the Deobandis representing an extreme form of religious conservatism insisted on Hindu-Muslim amity and a joint struggle for a free and united India. It is this integrated view of madrasas and a more liberal and open understanding of Islam and indeed of all faiths which Yoginder Sikand seeks to promote for he believes this is one of the principal duties confronting committed believers if we have to learn to live together despite our differences. *Bastions of the Believers* covers a wide range of thought provoking issues from the origins and development of the institution to critiques of madrasa curricula and the alleged links between madrasas and Islamist militancy making this a must read for all those interested in creating and preserving a just social order.

Modernization of Muslim Education in India Fahimuddin, 2004. This Study Analyses The Role Of Madrasas In Fulfilling The Educational Needs Of Muslim Children Its Relevance In Today's Time Impact Of The Madrasa Modernization Programme And The Allegations And Canards Being Spread Against The Madrasa System Of Education. **Report on the Administration of the United Provinces [of Agra and Oudh]** United Provinces of Agra and Oudh (India), 1912. **Bihar Through the Ages** Ritu Chaturvedi, 2007. Islamism and Democracy in India Irfan Ahmad, 2009-09-21. Jamaat-e-Islami Hind is the most influential Islamist organization in India today. Founded in 1941 by Syed Abul Ala Maududi with the aim of spreading Islamic values in the subcontinent, Jamaat and its young offshoot the Student Islamic Movement of India or SIMI have been watched closely by Indian security services since September 11. In particular SIMI has been accused of being behind terrorist bombings. This book is the first in-depth examination of India's Jamaat-e-Islami and SIMI exploring political Islam's complex relationship with democracy and providing a rare window into the Islamist trajectory in a Muslim minority context. Irfan Ahmad conducted extensive ethnographic fieldwork at a school in the town of Aligarh among student activists at Aligarh Muslim University at a madrasa in Azamgarh and during Jamaat's participation in elections in 2002. He deftly traces Jamaat's changing position in relation to India's secular democracy and the group's gradual ideological shift toward religious pluralism and tolerance. Ahmad demonstrates how the rise of militant Hindu nationalism since the 1980s evident in the destruction of the Babri mosque and widespread violence against Muslims led to SIMI's radicalization, its rejection of pluralism and its call for jihad. *Islamism and Democracy in India* argues that when secular democracy is responsive to the traditions and aspirations of its Muslim citizens, Muslims in turn embrace pluralism and democracy. But when democracy becomes majoritarian and exclusionary, Muslims turn radical. *South Asia's Christians* Chandra Mallampalli, 2023. South Asia is home to more than a billion Hindus and half a billion Muslims. But the region is also home to substantial Christian communities some dating almost to the earliest days of the faith. The stories of South Asia's Christians are vital for

understanding the shifting contours of World Christianity precisely because of their history of interaction with members of these other religious traditions In this broad accessible overview of South Asian Christianity Chandra Mallampalli shows how the faith has been shaped by Christians location between Hindus and Muslims Mallampalli begins with a discussion of South India s ancient Thomas Christian tradition which interacted with West Asia s Persian Christians and thrived for centuries alongside their Hindu and Muslim neighbours He then underscores efforts of Roman Catholic and Protestant missionaries to understand South Asian societies for purposes of conversion The publication of books and tracts about other religions interreligious debates and aggressive preaching were central to these endeavours but rarely succeeded at yielding converts Instead they played an important role in producing a climate of religious competition which ultimately marginalized Christians in Hindu Muslim and Buddhist majority countries of post colonial South Asia Ironically the greatest response to Christianity came from poor and oppressed Dalit formerly untouchable and tribal communities who were largely indifferent to missionary rhetoric Their mass conversions poetry theology and embrace of Pentecostalism are essential for understanding South Asian Christianity and its place within World Christianity today *Premchand: Life and Works*

Publications Division,2018-04-06 **PREMCHAND AND THE ARAB WORLD** SHALU & DR JASIMUDDIN,2022-10-08 The book Premchand and The Arab World is an attempt that states that Munshi Premchand s literal work holds an exclusive position in Indian literature as well as in world literature Even eighty six years of his death the discussions and research on Premchand and his achievements through his literary work are not only in the department of Hindi Urdu English and Arabic of Indian Universities but also in several universities of the Arab World We have tried to ensure that the cultural political and social imports of his work are not neglected We have attempted to bring out its cultural and moral significance The primary stress in the rest of the study is on a close analysis of the individual short stories and novels respecting their integrity and autonomy as works of art owing to space limitations **The School at Ajmeri Gate** Azra Razzack,Atyab
