The Road to Sleeping Dragon Michael Meyer,2017-10-10 From the highly praised author of The Last Days of Old Beijing a brilliant portrait of China today and a memoir of coming of age in a country in transition In 1995 at the age of twenty three Michael Meyer joined the Peace Corps and after rejecting offers to go to seven other countries was sent to a tiny town in Sichuan Knowing nothing about China or even how to use chopsticks Meyer wrote Chinese words up and down his arms so he could hold conversations and per a Communist dean s orders jumped into teaching his students about the Enlightenment the stock market and Beatles lyrics Soon he realized his Chinese counterparts were just as bewildered by China s changes as he was Thus began an impassioned immersion into Chinese life With humor and insight Meyer puts readers in his novice shoes introducing a fascinating cast of characters while winding across the length and breadth of his adopted country from a terrifying bus attack on arrival to remote Xinjiang and Tibet into Beijing s backstreets and his future wife s Manchurian family and headlong into efforts to protect China s vanishing heritage at places like Sleeping Dragon the world s largest panda preserve In the last book of his China trilogy Meyer tells a story both deeply personal and universal as he gains greater if never complete assurance capturing what it feels like to learn a language culture and history from the ground up Both funny and relatable The Road to Sleeping Dragon is essential reading for anyone interested in China s history and how daily life plays out there today

Through the Iron Curtain Silvia Scatena,Dietrich Sagert,2023-12-04 The history of the intertwined relationships woven by the Taiz Community amongst Christians of Eastern European countries in the second half of the last century has not yet been written Yet it is a fundamental chapter for understanding the unique international influence of the community The encounter with the different faces of a Christian youth beyond the Iron Curtain who in Taiz had their first experience of a unified European space was to become one of the main directions of the community s effort from the early 1960s The contributions of this volume intend to throw a first light on this story relying on a completely unpublished documentation and on the testimony of many
