Branded Entertainment and Cinema Gloria Dagnino,2019-11-25 The history of Italian cinema is mostly regarded as a history of Italian auteurs This book takes a different standpoint looking at Italian cinema from the perspective of an unusual but influential actor advertisers From the iconic Vespa scooter and the many other Made in Italy products placed in domestic and international features to Carosello s early format of branded entertainment up through the more recent brand integration cases in award winning titles like The Great Beauty the Italian film and advertising industries have frequently and significantly intersected in ways that remain largely unexplored by academic research This book contributes to fill this gap by focusing on the economic and cultural influence that advertising and advertisers interests have been exerting on Italian film production between the post war period and the 2010s Increasingly market oriented film policies ongoing pressure from Hollywood competition and the abnormal economic as well as political power held by Italian ad funded broadcasters are among the key points addressed by the book In addition to a macro level political economic analysis the book draws on exclusive interviews with film producers and promotional intermediaries to provide a meso level analysis of the practices and professional cultures of those working at the intersection of Italian film and advertising industries Providing an in depth yet clear and accessible overview of the political and economic dynamics driving the Italian media landscape towards unprecedented forms of marketisation this is a valuable resource for academics and students in the fields of film and media studies marketing advertising and Italian studies The History of the Vespa Andrea Rapini,2019-01-16 Despite the
