Community Oral Health Practice for the Dental Hygienist - E-Book Christine French Beatty,2021-01-26 Selected for Doody s Core Titles 2024 in Dental Hygiene Auxiliaries Build the skills you need to provide effective community oral health care

Community Oral Health Practice for the Dental Hygienist 5th Edition describes the role of the public health professional in improving the oral health care of people throughout the community. It discusses key topics such as access to care, the assessment needed for program planning, social responsibility, and government policy, cultural diversity, and career options in public health. Written by respected dental educator Christine French Beatty, this book helps you prepare for the National Board Dental Hygiene Examination (NBDHE) and to develop the core competencies needed in the practice setting.

Comprehensive cutting edge coverage provides everything you need to know to succeed in community dental hygiene practice. Practice oriented content includes learning objectives in each chapter, opening statements with lists of key facts, mini scenarios, and Dental Hygiene Competencies. Applying Your Knowledge sections in each chapter provide opportunities to apply what you have learned to local public health problems. Chapters on assessment and measurement help in planning and evaluating community oral health programs. Test Taking Strategies and Community Cases chapter offers tips and practice questions to help you prepare for the NBDHE and tests your understanding of content in relation to real world community situations. Chapters on population health and oral health programs describe issues affecting access to care as well as common oral diseases and conditions affecting the community, helping you prioritize, plan, implement, and evaluate practical solutions. Learning resources on an Evolve companion website reinforce your understanding with quizzes and case studies.

NEW Comprehensive cutting edge content is updated on topics including national initiatives, Healthy People 2030 data on the status of oral health, and factors that affect access to oral healthcare. Cultural competence, oral health programs in the community, applied research, and the different career paths for dental hygienists.

EXPANDED Coverage of dental hygiene competencies and interprofessional collaborative practice is enhanced to reflect changes in the oral health profession.

UPDATED Community Case sections in each chapter include sample cases along with test questions.

Personalized Mechanical Ventilation Jorge Hidalgo, Robert C Hyzy, Ahmed Mohamed Reda Taha, Yasser Younis A. Tolba, 2022-12-02

In dealing with the unprecedented COVID 19 pandemic, there are an increased number of patients requiring personalized management as the disease pathology varies. With variable lung compliance and airway resistance, as well as the severity of the disease, one size will not fit all patients. This book is problem oriented with evidence based discussions of the daily encountered scenarios in the ICU for mechanically ventilated patients, dealing with the pathology, monitoring, and troubleshooting facing intensivists daily. These scenarios are managed utilizing a goal directed approach and algorithms to achieve these goals. All chapters contain an explanation of a different solution, illustrating the respiratory mechanics, physiology, and pathology involved in such a scenario. Each chapter also closes with a take home message to summarize the content. In addition to describing the ventilation of different patient categories, this text also features ventilation cases specific to COVID 19, including airway management in the enhanced air born isolated patient, pulmonary embolism, different states of shock, and differential lung ventilation. There is also a specific chapter on

monitoring mechanical ventilation with point of care ultrasound which is an available modality in most ICUs Another unique chapter describes how to connect more than one patient to one ventilator in case of a shortage of machines Written by experts in the field *Personalized Mechanical Ventilation* is a timely and valuable resource for critical care physicians nurses and respiratory therapists on the front lines of both COVID 19 and day to day care of mechanically ventilated patients in the ICU

Gender Inequalities, Sexual and Reproductive Health, and Sustainable Development in the Global South Praveen Kumar Pathak, Shah Md Atiqul Haq, Niharika Tripathi, Tizta Degfie, 2025-08-22 Investing in Sexual and Reproductive Health SRH has been recognized as one of the prudent strategies to ensure the well being of girls and women and also to advance broader social and economic development for the nations and future generations Moreover it provides an excellent opportunity for millions of girls and women to make an informed choice about the number timing and spacing between births experience safe motherhood deliver healthy newborns and have a safe and satisfying sexual life However several young girls and women encounter an array of structural barriers patriarchy and unfavorable gendered norms practices including child marriage son preference gender based violence against women female foeticide lower access to economic property rights restriction of mobility etc that hinder their socioeconomic progress and health status Discourse on leveraging gender equity and reproductive health could be further strengthened with the involvement of young boys and men Given that restrictive gender norms affect both men s and women s reproductive health potential therefore integrating young boys and men along with young girls and women shall be a comprehensive strategy to ensure equitable quality and sustainable reproductive health among people
