Missions of the Israeli Secret Service (The Stories You Haven't Heard of Israel's Most Effective Secret Service) Shelton Branch, 101-01-01 The Israeli Mossad is known for its covert operations and intelligence gathering capabilities. In this book, we reveal the behind-the-scenes story of Mossad's greatest triumph: the operation to expose Iran's nuclear weapons program. Through in-depth research and interviews with key players, the author delves into the tactics and techniques used by Mossad to gather evidence of Iran's covert nuclear activities. From infiltrating Iranian nuclear facilities to recruiting insider sources, this book is a fascinating look at the inner workings of Mossad and the lengths it will go to protect the safety and security of Israel. Israel, since its formation as a country, has been seen as a usurper of the land formerly owned by its neighbor, Palestine. An argument that will continue until one of the countries is either destroyed or disarmed. Palestine, being an Arab nation, has many allies in the surrounding areas, giving them a geographical advantage. Be that as it may, the drive and mercilessness of the Mossad is able to keep Israel's head above water and their interests intact. However, Israel's national intelligence agency's reach is far greater than just the Middle East. They have a global network. The Mossad is one of the most well-known intelligence agencies in the world. It has been involved in some of the most high-profile covert operations in history, from the capture of Nazi war criminal Adolf Eichmann to the assassination of Iranian nuclear scientists. Despite its reputation as a secretive organization, the Mossad has captured the imagination of people all over the world. This book takes a comprehensive look at the Mossad from its origins in the early days of Israel's intelligence community to its current operations and challenges.

Goodman,2021-06-25 Whether it is the Eichmann capture the Munich revenge plot or the Entebbe rescue mission they all illustrate the independence and determination of Israel s intelligence community They also show that the tiny Middle Eastern country is willing to take a lot of risks to do things its own way Only hours after the nation of Israel was established on May 14 1948 five neighboring Arab nations attacked hoping to wipe out the new country The attackers had far more soldiers and weapons than Israel but underestimated how much information Israeli spies had already gathered about the Arab nations military capabilities and strategies The war quickly turned in Israel s favor Israel s survival from 1948 to today has depended on its maintaining a well established intelligence network to gather secret data carry out covert operations and counter terrorism At the heart of this network is the Mossad a shadowy organization charged with keeping Israel safe from outside enemies by any means necessary Read all about Israel s formidable spy network and their espionage missions around the world Michael E Goodman was born in Savannah Georgia He attended Yale University and graduate school at Brown University He began as a high school English teacher in Providence RI and Teaneck NJ before turning to writing and editing and serving as an executive in corporate communications He is a former senior editor at Scholastic and Prentice Hall and executive editor at Peoples Education
