Langman,Daniel Finn,1995-02-28 Recent crime films such as Scarface the Dirty Harry series and The Godfather have captured the American imagination but they owe a large debt to the early crime talkies such as The Public Enemy Paul Muni s Scarface and Little Caesar More than 1 000 entries are featured in this volume complete with the names of directors screen writers and major players offering a wealth of data supported by plot evaluations For the serious student of crime films this work provides a comprehensive treatment of the genre It is the only one volume work that includes all crime sub genres detective mystery cops and robbers and courtroom dramas in addition to gangster films The period between the end of the silent film 1927 and the general acceptance of the sound film 1929 is often referred to as a transition period The majority of theaters were not wired for sound so many films were released in both silent and sound versions Some added only sound effects or music to the sound track while others offered only brief segments of sound The early 1930s marked the end of this transition period and firmly established the sound era This volume pays homage to these early often crude melodramas The authors aim to preserve the memories of these films for their own generation and to introduce these works to a new generation thirsty for entertainment and knowledge *Kine weekly* ,1944 *The Exhibitor* ,1947 Some issues include separately paged sections Better management Physical theatre extra profits Review Servisection Motion Pictures From the Fabulous 1940's Terry Rowan,2016-01-06 In Europe the war was already old but while feeding nickels into roadhouse
