The publishers weekly, 1984 **Law, Justice, and Society in the Medieval World** Esther Liberman Cuenca, M. Christina Bruno, Anthony Perron, 2025-05-06 This coursebook is the first full length study of cinematic legal medievalism or the modern interpretation of medieval law in film and popular culture For more than a century filmmakers have used the Middle Ages to produce popular entertainment and comment on contemporary issues Each of the twenty chapters in Law Justice and Society in the Medieval World represents an original contribution to our understanding of how medieval regulations laws and customs have been depicted in film It offers a window into the rules of medieval society through the lens of popular culture This book includes analyses of recent and older films avant garde as well as popular cinema Films discussed in this book include Braveheart 1995 Kingdom of Heaven 2005 The Passion of Joan of Arc 1928 The Last Duel 2021 The Green Knight 2021 The Little Hours 2017 and The Adventures of Robin Hood 1938 among others Each chapter explores the contemporary context of the film in question the medieval literary or historical milieu the film references and the lessons the film can teach us about the medieval world Attached to each chapter is an appendix of medieval documentary sources and reading questions to prompt critical reflection **This Thing of Ours** David Lavery, 2002 As a work of popular culture an innovative television series and a media phenomenon The Sopranos has made an impact throughout the world This text investigates both the wide appeal and controversial reception of this highly debated drama Parody Robert Chambers, 2010 Parody The Art That Plays with Art explodes the near universal belief that parody is a copycat genre or that it consists of a collection of trivial and derivative forms Parody is revealed as an ever technique a principal source of innovation and invention in the arts The technique is defined in terms of three major variations that bang bind and blend artistic conventions into contrasting pairings the results of which are upheavals of existing conventions and the formation of unexpected and sometimes startling and revolutionary new configurations Parodic art fashions a galaxy of contrasts and from these stem an illusionistic sense of multiplicity and an array of divergent meanings and interpretive paths This book an extreme departure from existing analyses of parody is nonetheless highly accessible and will be of major interest not only to scholars but to general readers and to professional writers as well Parody The Art That Plays with Art is particularly suited for readers interested in modernism postmodernism meta art criticism satire and irony Narcissus Sous Rature Jody Norton, 2000 In Narcissus Sous Rature Jody Norton argues that Contemporary American poetry's characteristic problematic is the subject's contestation of his discursive condition While self comprehension is a central recurrent concern in post literate poetry most poetries in English since the Enlightenment have conceived their lyric subjects in accordance with the foundational Western philosophical assumption of the rationality of being However after Freud Heisenberg Saussure Derrida and Lacan conceptions of the lyric I as representative of a more or less permanent self conscious and self possessed personality inhabiting an ontologically dependable natural and historical world in a consistent way are no longer credible The

problems of how to conceptualize the psycho linguistic structuration of the male putatively masculine subject and his relation to his cultural environment and of how to represent both the subject and his relations in a medium language that is complexly involved in the construction of both the subject and his representation and in a certain sense of the subject as representation emerge for Contemporary poets out of an historic moment particularly strongly marked by theoretical developments in extra literary fields Norton asserts that the lyric speaker in Contemporary American poetry cannot be understood unless the explicit and implicit dialogic relations between religious philosophical psychological linguistic aesthetic critical and poetic texts are made central to the interpretive project

What does it mean to be a woman today in Italy a country with the lowest birthrate in the world and the heaviest maternal stereotype Does being a feminist exclude practices of cultural femininity What are Italian women's cultural productions These questions are at the center of this volume which looks at how feminism and femininity are embedded in a broad spectrum of Italian cultural practices In recent years several books have introduced the American public to Italian women's voices This volume goes beyond others in its range of theoretical topics and modes considering cultural practices not only in their popular material appearance but also in the disciplines and forms of knowledge that order information and circumscribe behavior The essays all by well known scholars in Italian studies reflect the authors specific critical interests in cinema fashion literary texts feminist theory and popular culture past and present Some address the culture of everyday life while others examine feminism and femininity in the context of philosophy ethics or national identity within a global culture Some begin with the conviction that performing femininity whether in appearance or in nurturing practices can be culturally liberating Others put this notion to the critical test By situating the problem of femininity within the discussion of feminism this volume takes on larger issues within feminist discourse Its bold examination of the component of femininity within the context of women's experiences offers readers rare insight into Italian women's culture and into the multicultural possibilities of feminism Contributors Beverly Allen Serena Anderlini D Onofrio Lucia Chiavola Birnbaum Renate Holub Carol Lazzaro Weis Maria Marotti Irene O Healy Graziella Parati Eugenia Paulicelli Robin Pickering Iazzi Maurizio Viano Giovanna Miceli Jeffries is a lecturer in the department of French and Italian at the University of Wisconsin Madison

Postmodernism Across the Ages Bill Readings, Bennet Schaber, 1993 Piranesi builds a shopping mall Giotto supervises a training analysis Milton directs a film In *Postmodernism Across the Ages* the traditional notion of change in history the linear analogy of human development comes in for its own share of interpretation of reading and hence doubles back on itself This provocative collection of essays examines the way in which the concept of postmodernism has forced a rethinking of the intersection of time and text Appropriately these essays themselves reach across the ages considering authors ranging from Alexander the Great to Chaucer and Milton to Ford Madox Ford and Umberto Eco The volume concludes with a series of four dissenting Afterwords that assess the import of these postmodern readings on some of the major interpretive projects of our day Feminism Marxism Humanism and Deconstruction and Gay Studies
