Parliament. House of Commons. Public Accounts Committee, Great Britain: Parliament: House of Commons: Committee of Public Accounts, 2008 The Department of Health the Department and the NHS achieved a surplus of 515 million in 2006 07 representing 0 6 per cent of total available resources This followed two years of rising deficits and the Department working with the NHS has done well in restoring overall financial balance While the national picture is one of financial surplus there remain variations in financial performance The surplus is concentrated in Strategic Health Authorities whilst overall Primary Care Trusts and NHS Trusts remain in deficit Of the 372 NHS organisations 82 recorded a deficit of 917 million with 80 per cent of this being reported by just 10 per cent of NHS organisations There are also regional variations with the East of England Strategic Health Authority area having a deficit of 153 million and the North West achieving a 189 million surplus Financial recovery is therefore inconsistent and more needs to be done so that all parts of the NHS achieve financial balance The Committee concludes that the return to financial balance is the result of the Department s tighter performance management of NHS finances in the way funding flowed through the NHS together with a programme of support for local organisations with particular financial difficulties In the short term this largely centralist approach was appropriate For the future if the NHS is to remain in financial balance more health organisations locally need to improve their financial management Failure to keep a tight grip on financial performance will undermine health care for patients Commission for Racial Equality Annual Report and Accounts 2006/7 Great Britain. of Public Accounts,2007-03-20 Spending on the NHS is the fastest growing area of public expenditure with a budget for 2004

05 of 69 7 billion rising to 76 4 billion in 2005 06 and 92 6 billion in 2007 08 Despite the increased resources the NHS

reported an overall deficit of 251 million including Foundation Trusts in 2004 05 the first time since 1999 2000 that the NHS

as a whole had overspent In 2005 06 the overall deficit increased to 570 million with a rise in both the number of NHS

organisations Strategic Health Authorities Primary Care Trusts NHS Trusts and NHS Foundation Trusts reporting a deficit

and the proportion of those bodies reporting a deficit Following on from a report HC 1059 I session 2005 06 ISBN

9780102938159 published in June 2006 jointly prepared by the National Audit Office and the Audit Commission the

Committee s report examines three main issues the factors that led to the deficits the impact on the organisations involved

and the steps taken to recover the deficits Amongst its findings the Committee concludes that there are a number of reasons

why NHS bodies are in deficit with most organisations in deficit tending to have had a deficit the previous year Bodies

already in deficit looking to turn their financial position around can be disadvantaged as they are expected to recover that

deficit in the next financial period The NHS has been under significant financial pressure to meet the costs of national pay

initiatives which the Department of Health had not fully costed and as some NHS bodies have coped better than others in

managing these cost pressures this indicates that the standard of financial management expertise varies across the NHS as

does the level of clinical engagement in financial matters      *Real England* Paul Kingsnorth,2011-08-04 We see the signs

around us every day the chain cafs and mobile phone outlets that dominate our high streets the disappearance of knobbly

carrots from our supermarket shelves and the headlines about yet another traditional industry going to the wall For the first

time here is a book that makes the connection between these isolated incremental local changes and the bigger picture of a

nation whose identity is being eroded As he travels around the country meeting farmers fishermen and the inhabitants of

Chinatown Paul Kingsnorth reports on the kind of conversations that are taking place in country pubs and corner shops

across the land while reminding us that these quintessentially English institutions may soon cease to exist
