**Occult Technology and Power** Gordon Press Publishers, 1996-03-01 **Secret Societies** Una Birch, 2007-03-19 The greatest success of the Bavarian Illuminati conspiracy was the French Revolution of 1789 The profound impact of that Revolution is felt to this day in the political destinies of billions of people worldwide The Illuminati had declared war against Church and State a decade earlier and worked feverishly to spread their new gospel of Liberty and Reason Although the Order was officially suppressed on the eve of the Revolution its efforts do not appear to have been in vain The recruiting program of Illuminati founder Adam Weishaupt was focused on attracting the powerful and influential government ministers educators the press authors and philosophers booksellers and publishers even religious leaders open to agnostic or atheist views Many such men belonged to the masonic lodges of Germany Austria and France The wider masonic network offered Weishaupt a respectable vehicle by which he was able to propagate his clandestine doctrines What message does the triumph of these secret societies carry for the modern world English historian Una Birch attempts to answer this question from the point of view of the early twentieth century Writing just a hundred years after the event her

closeness in time and sympathy for the Revolution offer a unique perspective to the modern reader Editor James Wasserman adds a contemporary perspective that takes into account the events of the twentieth century that occurred after Ms Birch wrote He has also added a guide to the history and personalities of the French Revolution to help clarify the text Reveals the secret activities of the Bavarian Illuminati and the Freemasons in organizing the French Revolution Traces the influence of the mysterious Illuminati agent the Comte de Saint Germain as he traveled through the courts and cities of Europe Offers a unique perspective on the Revolution by an author who supported the Illuminati war against tyranny and superstition yet does not shrink from examining the darker side of that event      **Conspiracy Theories** J. Byford, 2011-10-12 Through a series of specific questions that cut to the core of conspiracism as a global social and cultural phenomenon this book deconstructs the logic and rhetoric of conspiracy theories and analyses the broader social and psychological factors that contribute to their persistence in modern society      Rune Might Edred Thorsson, 2018-11-13 A practical handbook to the history exercises and techniques of German rune work Explores the four traditional runic systems the Older Futhark the Anglo Frisian Futhorc the Younger Futhark and the Armanic Futhork Details powerful rune work techniques and exercises including rune yoga and dance runic hand gestures mudras rune singing mantras runic healing runic tantra and sex magic rune rituals runic divination and the runic theory of crystals Examines the history of esoteric runology and the trailblazers of modern rune magic including Guido von List Friedrich Bernhard Marby and Rudolf John Gorsleben Although the rune renaissance began blossoming in Anglo American occult circles in the 1970s the runes have been part of the occult revival in Germany since its beginning in the late 19th century with roots that go back centuries further Exploring the history of esoteric runology and the work of the trailblazers of modern rune magic including Guido von List Friedrich Bernhard Marby and Rudolf John Gorsleben author Edred Thorsson details the secret practices and runic systems of the German rune magicians including techniques for using runes in unprecedented ways to draw power into your life Thorsson explores all four of the traditional runic systems the Older Futhark 24 runes the Anglo Frisian Futhorc 29 33 runes the Younger Futhark 16 runes and the Armanic Futhork 18 runes developed by Guido von List The author explains the similarities and differences between them as well as how they are all facets of the same underlying runic reality He examines the early history and possible origins of runic symbols and systems the renaissance of rune magic from 1919 to 1935 the effects of the Third Reich and Nazis on the runic revival as well as the reemergence of German runology after World War II Providing an extensive practical section Thorsson details powerful runework techniques and exercises including rune yoga and dance runic hand gestures mudras rune singing mantras rune yodeling runic healing runic tantra and sex magic group rites with runes and two powerful methods of engaging transpersonal powers the Ritual of the Ninth Night and the Ritual of the Grail Cup He also explores runic divination the runic theory of crystals runic symbolism in medieval German buildings and runic material from the documents of the Fraternitas Saturni the Brotherhood of Saturn By immersing yourself in the world of the runic pioneers

**Awaken to the New World Order** Zen Garcia, 2015-12-22 The 5th book by Zen Garcia details the author's personal awakening to what the planet has come to know as the New World Order Accompanied by the illustrations of well known graphic artist David Dees contained within this edition are the collected articles that Zen published while working as a columnist for the Populist Party of America a once independent web portal frequented by hundreds of thousands of truth seeking visitors every month This book captures the inception of the 9 11 truth movement and political tenure of one of the most critical periods of United States History sharing the attempt of two men to wake others to the elitist agenda of governments sponsoring terror in effort to drive agenda ending national sovereignty and unifying countries under the banner of a worldwide socialist government controlled by the Illuminati through the United Nations

**The Templars and the Assassins** James Wasserman, 2001-04-01 An examination of the interactions of the Christian Knights Templar and their Muslim counterparts the Assassins and of the profound changes in Western society that resulted Restores the reputation of the secret Muslim order of the Assassins disparaged as the world's first terrorist group Dispels many myths about the Knights Templar and provides the most incisive portrait of them to date A thousand years ago Christian battled Muslim for possession of a strip of land upon which both their religions were founded These Crusades changed the course of Western history but less known is the fact that they also were the meeting ground for two legendary secret societies The Knights Templar and their Muslim counterparts the Assassins In *The Templars and the Assassins* The Militia of Heaven occult scholar and secret society member James Wasserman provides compelling evidence that the interaction of the Knights Templar and the Assassins in the Holy Land transformed the Templars from the Pope's private army into a true occult society from which they would sow the seeds of the Renaissance and the Western Mystery Tradition Both orders were destroyed as heretical some seven hundred years ago but Templar survivors are believed to have carried the secret teachings of the East into an occult underground from which sprang both Rosicrucianism and Masonry Assassin survivors known as Nizari Ismailis flourish to this day under the spiritual leadership of the Aga Khan Wasserman strips the myths from both groups and penetrates to the heart of their enlightened beliefs and rigorous practices delivering the most probing picture yet of these holy warriors
