LEADERS OF THE WORLD RPS SOCIETY

The cover features a bright yellow background with a radial pattern of thin lines emanating from the center. Three hands are illustrated in a stylized, cartoonish manner. At the top left, a hand is in a fist (Rock). At the top right, a hand is flat with fingers spread (Paper). At the bottom, a hand is in a V-shape (Scissors). In the center, a shield-shaped emblem contains the title. The top of the shield is red with the words 'THE OFFICIAL' in white. The middle section is black with 'ROCK' and 'PAPER' in white, separated by two small gold stars. The bottom section is black with 'SCISSORS' in white. Below 'SCISSORS', the words 'STRATEGY' and 'GUIDE' are written in red.

Trillions Peter Lucas, Joe Ballay, Mickey McManus, 2012-09-25 We are facing a future of unbounded complexity Whether that complexity is harnessed to build a world that is safe pleasant humane and profitable or whether it causes us to careen off a cliff into an abyss of mind numbing junk is

an open question The challenges and opportunities technical business and human that this technological sea change will bring are without precedent Entire industries will be born and others will be laid to ruin as our society navigates this journey There are already many more computing devices in the world than there are people In a few more years their number will climb into the trillions We put microprocessors into nearly every significant thing that we manufacture and the cost of routine computing and storage is rapidly becoming negligible We have literally permeated our world with computation But more significant than mere numbers is the fact we are quickly figuring out how to make those processors communicate with each other and with us We are about to be faced not with a trillion isolated devices but with a trillion node network a network whose scale and complexity will dwarf that of today s Internet And unlike the Internet this will be a network not of computation that we use but of computation that we live in Written by the leaders of one of America s leading pervasive computing design firms this book gives a no holds barred insiders account of both the promise and the risks of the age of Trillions It is also a cautionary tale of the head in the sand attitude with which many of today s thought leaders are at present approaching these issues Trillions is a field guide to the future designed to help businesses and their customers prepare to prosper in the information

The Secret Language of Influence Dan Seidman,2012 A few simple words the right words can transform an awkward sales call into a comfortable conversation and a resistant prospect into a happy customer which is why author Dan Seidman teaches readers to think of influence as something occurring at a level just below the buyer s awareness Spanning the use of storytelling humor emotion evoking language and questions that advance the sale in his entertaining and practical book he demonstrates the power of words to break down resistance and incline buyers toward purchase The Secret Language of Influence does this by explaining not only how to identify the right words and which to avoid but how to use strategic key words and phrases with different potential buyers You ll learn the best ways to approach buyers who are motivated by benefits vs problems i e wanting to hear about the money they ll save rather than the pain they ll avoid proactive vs reactive big picture vs detail oriented systems thinkers vs creative minds and those who are influenced by external feedback testimonials evidence vs internal factors feelings personal experiences beliefs Today s buyer is savvy and all too familiar with traditional selling techniques But great selling is invisible By identifying different ways buyers are motivated salespeople can quickly customize their conversations and lead prospects to a yes
