The Orpheus Descent English Edition:

The Works of Virgil Translated Into English Prose [by - Davidson] ... with the Latin Text and Order of Construction on the Same Page; and ... Notes in English ... New Edition. Lat. and Eng Virgil,1810 *The Orpheus Descent* Tom Harper,2014-05-27 A cerebral literary thriller in the vein of Dan Brown Matthew Pearl and Sam Bourne The Orpheus Descent follows classical philosopher Plato on a mysterious journey to Italy that will ignite a conspiracy that burns into the present The greatest thinker in human history Plato travels to Italy seeking initiation into the Orphic mysteries the secret to the Underworld known only to the gods But the knowledge he discovers is terrifying Two millennia later twelve ancient golden tablets secreted in museums around the world hold sacred information known to only a few the pathway the dead must follow to the afterlife And archaeologist Lily Barnes has just found another on a dig in southern Italy But this tablet is far more valuable and dangerous than the rest It holds the key to hell itself Now Lily is gone and her husband Jonah is desperate to find her He knows she is alive and in mortal danger and he s willing to go to hell itself to find her But the deeper he descends on this dark and twisting journey the more Jonah s fear rises for not everyone who travels where Lily has gone will find their way back Classical Mythology in English Literature Geoffrey Miles,2002-09-11 Classical Mythology in English Literature brings together a range of English versions of three classical myths It allows students to explore the ways in which they have been reinterpreted and reinvented by writers throughout history Beginning with a concise introduction to the principle Greco Roman gods and heroes the anthology then focuses on three stories Orpheus the great musician and his quest to free his wife Eurydice from death Venus and Adonis the love goddess and the beautiful youth she loved Pygmalion the master sculptor who fell in love with his creation Each section begins with the classical sources and ends with contemporary versions showing how each myth has been used abused or appropriated since its origins **Voice in Later Medieval English Literature** David Lawton,2017 David Lawton approaches later medieval English vernacular culture in terms of voice As texts and discourses shift in translation and in use from one language to another antecedent texts are revoiced in ways that recreate them as public interiorities without effacing their history or future The approach yields important insights into the voice work of late medieval poets especially Langland and Chaucer and also their fifteenth century successors who treat their work as they have treated their precursors It also helps illuminate vernacular religious writing and its aspirations and it addresses literary and cultural change such as the effect of censorship and increasing political instability in and beyond the fifteenth century Lawton also proposes his emphasis on voice as a literary tool of broad application and his book has a bold and comparative sweep that encompasses the Pauline letters Augustine s Confessions the classical precedents of Virgil and Ovid medieval contemporaries like Machaut and Petrarch extra literary artists like Monteverdi later poets such as Wordsworth Heaney and Paul Valery and moderns such as Jarry and Proust What justifies such parallels the author claims is that late medieval texts constitute the foundation of a literary history of voice that extends

to modernity The book's energy is therefore devoted to the transformative reading of later medieval texts in order to show their original and ongoing importance as voice work

European-language Writing in Sub-Saharan Africa Albert S. Gérard, 1986. The first major comparative study of African writing in western languages. European language Writing in Sub-Saharan Africa edited by Albert S. Gérard falls into four wide-ranging sections: an overview of early contacts and colonial developments; Under Western Eyes, chapters on Black Consciousness manifest in the debates over Panafrikanism and Negritude; a group of essays on mental decolonization expressed in Black Power texts at the time of independence struggles; and finally Comparative Vistas sketching directions that future comparative study might explore. An introductory essay.

The Miltonic Moment J. Martin Evans, 2014-07-11. Milton's poems invariably depict the decisive instant in a story, a moment of crisis that takes place just before the action undergoes a dramatic change of course. Such instants look backward to a past that is about to be superseded or repudiated and forward at the same time to a future that will immediately begin to unfold. Martin Evans identifies this moment of transition as the Miltonic Moment. This provocative new study focuses primarily on three of Milton's best-known early poems: On the Morning of Christ's Nativity, A Mask Presented at Ludlow Castle, Comus, and Lycidas. These texts share a distinctive perceptual and cognitive structure which Evans defines as characteristically Miltonic, embracing a single moment that is both ending and beginning. The poems communicate a profound sense of intermediacy because they seem to take place between the boundaries that separate events. The works illuminated here, which also include Samson Agonistes and Paradise Regained, are all about transition from one form to another: from paganism to Christianity, from youthful inexperience to moral maturity, and from pastoral retirement to heroic engagement. This transformation is often ideological as well as historical or biographical. Evans shows that the moment of transition is characteristic of all Milton's poetry and he proposes a new way of reading one of the seminal writers of the seventeenth century. Evans concludes that the narrative reversals in Milton's poetry suggest his constant attempts to bring about an intellectual revolution that at a time of religious and political change in England would transform an age.

Border States in the Work of Tom Mac Intyre Catriona Ryan, 2012-01-17. This work analyses the prose and drama of the Irish writer Tom Mac Intyre and the concept of paleo postmodernism. It examines how Mac Intyre balances traditional themes with experimentation, which in the Irish literary canon is unusual. This book argues that Mac Intyre's position in the Irish literary canon is an idiosyncratic one in that he combines two contrary aspects of Irish literature: between what Beckett terms as the Yeatsian antiquarians who valorize the Victorian Gael and the others whose aesthetic involves a European-influenced breakdown of the object, which is associated with Beckett. Mac Intyre's experimentation involves a breakdown of the object in order to uncover an unconscious Irish mythological and linguistic space in language. His approach to language experimentation is Yeatsian, and this is what the author terms as paleo.

postmodern Thus the project considers how Mac Intyre incorporates Yeatsian revivalism with postmodern deconstruction in his drama and short stories

Maidens, Magic and Martyrs in Early Christianity Jan N. Bremmer, 2017-07-13 In this work Jan N Bremmer aims to bring together the worlds of early Christianity and those of ancient history and classical literature worlds that still all too rarely interlock Contextualising the life and literature of the early Christians in their Greco Roman environment he focusses on four areas A first section looks at more general aspects of early Christianity the name of the Christians their religious and social capital prophecy and the place of widows and upper class women in the Christian movement Second the chronology and place of composition of the early apocryphal Acts of the Apostles and Pseudo Clementines are newly determined by paying close attention to their doctrinal contents but also innovatively to their onomastics and social vocabulary The author also analyses the frequent use of magic in the Acts and explains the prominence of women by comparing the Acts to the Greek novel Third an investigation into the theme of the tours of hell suggests a new chronological order shows that the Christian tours were indebted to both Greek and Jewish models and illustrates that in the course of time the genre dropped a large part of its Jewish heritage The fourth and final section concentrates on the most famous and intriguing report of an ancient martyrdom the Passion of Perpetua It pays special attention to the motivation and visions of Perpetua which are analyzed not by taking recourse to modern theories such as psychoanalysis but by looking to the world in which Perpetua lived both Christian and pagan It is only by seeing the early Christians in their ancient world that we might begin to understand them and their emerging communities Publisher's description

The Rhetoric of the Body from Ovid to Shakespeare Lynn Enterline, 2000-05-11 This persuasive book analyses the complex often violent connections between body and voice in Ovid's Metamorphoses and narrative lyric and dramatic works by Petrarch Marston and Shakespeare Lynn Enterline describes the foundational yet often disruptive force that Ovidian rhetoric exerts on early modern poetry particularly on representations of the self the body and erotic life Paying close attention to the trope of the female voice in the Metamorphoses as well as early modern attempts at transgendered ventriloquism that are indebted to Ovid's work she argues that Ovid's rhetoric of the body profoundly challenges Renaissance representations of authorship as well as conceptions about the difference between male and female experience This vividly original book makes a vital contribution to the study of Ovid's presence in Renaissance literature
