Up Your Score: ACT, 2014-2015 Edition Chris Arp, Ava Chen, Jon Fish, Zack Swafford, Veritas Tutors and Test Prep, 2013-07-30. Yes kids there is an alternative to the big bad SAT it's called the ACT. And yes there's now an alternative to the big bad boring ACT study books. Up Your Score ACT the prep and survival guide with attitude. Like Up Your Score SAT Up Your Score ACT is the underground guide for the 1.65 million kids who take the ACT every year more than take the SAT. It's written by Chris Arp age 26 a Princeton graduate along with his colleagues at Manhattan's prestigious Veritas Test Prep company and three high school seniors who each scored an ACT perfect 36. They take the guerrilla guide Up Your Score approach of combining a thorough knowledge of how the test works and the subjects it covers with for student by student tips and strategies, lively pop culture references and jokes and a fresh knowledge of what it's like to actually take the test. Ace the reading section by developing the Five Habits of Lean Forward Reading including Treat reading like a conversation and Pay attention to direction words. Master the math section through techniques like plugging in an amazing trick that simplifies all algebra word problems. The ACT is heavy on grammar so the book delves into commas, semicolons, pronouns, transitions and more. It covers the science the way the test does showing how to use science reasoning. Plus how to make GameFace Quintuple Sugar Blast Bars for that needed burst of energy.

Children's librarians, collection development specialists in public libraries as well as K-8 school librarians and teachers will choose from the best in children's titles. This unique readers advisory and collection development guide for librarians and others who work with children focuses on readers and their needs rather than simply categorizing books by their characteristics and features as traditional literature guides do. The guide identifies seven reader-driven appeals or themes that are essential to successful readers advisory: awakening new perspectives, providing models for identity, offering reassurance, comfort, strength and confirmation of self.
