The Passion Of Michel Foucault:

The Passion of Michel Foucault James Miller, 2000 Based on extensive new research and a bold interpretation of the man and his texts *The Passion of Michel Foucault* is a startling look at one of this century's most influential philosophers It chronicles every stage of Foucault's personal and professional odyssey from his early interest in dreams to his final preoccupation with sexuality and the nature of personal identity

The Passion of Michel Foucault James Miller, 1994

The Passion of Michel Foucault James Miller, Jim Miller, 1993 philosophers It chronicles every stage of Foucault's personal and professional odyssey from his early interest in dreams to his final preoccupation with sexuality and the nature of personal identity

A Symposium on James Miller's *The Passion of Michel Foucault*, 1993 *Michel Foucault and*

the Politics of Freedom Thomas L. Dumm, 2002 This edition of a 1995 book Sage Publications contains a new introduction by the series editor and a new preface Readers familiar with Foucault's work will appreciate the difficulty in critically studying its arresting paradoxical nature Dumm political science Amherst College negotiates the problem by creating a thematic framework the idea of being free in a modern Western capitalist democracy and examining it through a Foucaultian lens He focuses on the politics of freedom negative freedom the disciplinary society ethics seduction governments and provides an enlightening companion to Foucault's postmodern philosophy Annotation copyrighted by Book News Inc Portland OR

Reader's Guide to Lesbian and Gay Studies Timothy F. Murphy, 2000 A guide to existing academic literature on issues persons periods and topics important in lesbian and gay studies With a focus on book length studies in English entries offer a very brief introduction and a more detailed overview of the secondary literature including the relative merits of each source under consideration While the overall arrangement of entries is alphabetical other means of access include a booklist general indexes cross references and a thematic list African American culture AIDS art and artists Asian studies biological sciences lesbian and gay culture education family gender studies history law literature media studies medicine music performing arts politics psychology philosophy and ethics and others Annotation copyrighted by Book News Inc Portland OR

Michel Foucault and the Games of Truth H. Nilson, trans Rachel Clark, 2016-07-27 The book emphasises the affinity between Foucault's and Nietzsche's thought Both philosophers tried to give clarity to modernity's arbitrary nature Following on from Foucault's diagnostic enquiries into a History of Sexuality and Nietzsche's appreciation of ancient culture Nilson's study shows a practical consequence the self-stylization of the individual This aesthetical attitude replaces belief in metaphysical and even scientific meaning thus leading to a philosophy of life Nilson's book targets all those who wish to give their life a unique form

The Political Philosophy of Michel Foucault Mark G.E. Kelly, 2010-06-21 This book is the first to systematically reconstruct Foucault's political and philosophical thought across his career arguing that Foucault had a consistent but ever growing political and philosophical viewpoint

A Primer on Postmodernism Stanley J.

Grenz, 1996-02-06 Grenz examines the topography of postmodernism a phenomenon everyone acknowledges but has

difficulty describing with precision Of particular significance is his discussion of the challenges this cultural shift presents to the church

La Pasion de Michel Foucault James Miller,1997-07-01

The Palgrave Handbook of Philosophy and Psychoactive Drug Use Rob Lovering,2024-10-14 In this Handbook philosophers from around the world address the metaphysics epistemology and value of psychoactive mind altering drug use In so doing they attempt to answer questions such as What does the fact of drug induced mind altering experiences tell us about natures of the mind free will and God What does it tell us about what and how we can know Are drug induced mind altering experiences valuable morally aesthetically or otherwise Is the acquisition of drug induced mind altering experiences ever immoral Should the acquisition of drug induced mind altering experiences ever be legally prohibited The Handbook gives an overview of the current research and sets the stage for future directions in philosophical thought relating to psychoactive drug use

An Analysis of Michel Foucault's What is an Author? Tim Smith-Laing,2018-05-11 Michel Foucault s 1969 essay What is an Author sidesteps the stormy arguments surrounding intentional fallacy and the death of the author offering an entirely different way of looking at texts Foucault points out that all texts are written but not all are discussed as having authors So what is special about authored texts And what makes an author different to other kinds of text producers From its deceptively simple titular question Foucault s essay offers a complex argument for viewing authors and their texts as objects A challenging thought provoking piece it is one of the most influential literary essays of the twentieth century

The Death of Humanity Richard Weikart,2016-04-04 A book to challenge the status quo spark a debate and get people talking about the issues and questions we face as a country

On the Use and Abuse of Foucault for Politics Brent Pickett,2005-01-01 On the Use and Abuse of Foucault for Politics provides an accessible interpretation of Foucault s political philosophy demonstrating how Foucault is relevant for contemporary democratic theory Brent Pickett lays out an overview of Foucault s politics including a comprehensive overview of the reasons for various conflicting interpretations and then explores how well the different Foucaults can be used in progressive politics and democratic theory

Relational Hermeneutics Paul Fairfield,Saulius Geniusas,2018-10-04 Investigating connections between philosophical hermeneutics and neighbouring traditions of thought this volume considers the question of how post Heideggerian hermeneutics as represented by Gadamer Ricoeur and recent scholars following in their wake relate to these traditions both in general terms and bearing upon specific questions The traditions covered in this volume existentialism pragmatism poststructuralism Eastern philosophy and hermeneutics itself are all characterized by significant internal diversity adding to the difficulty in reaching an interpretation that is at once comparative and critical None of these traditions represent a unified system of belief all are umbrella terms which are at once useful and imprecise and the differences internal to each must not to be understated An innovative work of comparative philosophy this volume avoids oversimplification and offers specific analyses that treat hermeneutics in relation to particular themes and key figures in each of these traditions of thought Philosophical hermeneutics is explicitly dialogical and it is in

this spirit that the authors of this book approach their subjects revealing the important affinities and opportunities for mutually enriching conversations which have until now been overlooked *Foucault's Last Decade* Stuart Elden, 2017-09-05

On 26 August 1974 Michel Foucault completed work on *Discipline and Punish* and on that very same day began writing the first volume of *The History of Sexuality*. A little under ten years later on 25 June 1984 shortly after the second and third volumes were published he was dead. This decade is one of the most fascinating of his career. It begins with the initiation of the sexuality project and ends with its enforced and premature closure. Yet in 1974 he had something very different in mind for *The History of Sexuality* than the way things were left in 1984. Foucault originally planned a thematically organised series of six volumes but wrote little of what he promised and published none of them. Instead over the course of the next decade he took his work in very different directions studying lecturing and writing about historical periods stretching back to antiquity. This book offers a detailed intellectual history of both the abandoned thematic project and the more properly historical version left incomplete at his death. It draws on all Foucault's writings in this period his courses at the Collège de France and lectures elsewhere as well as material archived in France and California to provide a comprehensive overview and synthetic account of Foucault's last decade *The Cambridge Companion to Foucault* Gary Gutting, 1994-02-25

Each volume of this series of companions to major philosophers contains specially commissioned essays by an international team of scholars together with a substantial bibliography and will serve as a reference work for students and non specialists. One aim of the series is to dispel the intimidation such readers often feel when faced with the work of a difficult and challenging thinker. Michel Foucault one of the most important of contemporary French thinkers exerted a profound influence on philosophy history and social theory. Foucault attempted to reveal the historical contingency of ideas that present themselves as necessary truths. He carried out this project in a series of original and strikingly controversial studies on the origins of modern medical and social scientific disciplines. These studies have raised fundamental philosophical questions about the nature of knowledge and its relation to power structures that have become major topics of discussion throughout the humanities and social sciences *Hermeneutics and Phenomenology* Saulius Geniusas, Paul Fairfield, 2018-09-20

The relationship between these two central theoretical and philosophical approaches which we thought we knew is more complex and interesting than our standard story might suggest. It is not always clear how hermeneutics that is post Heideggerian hermeneutics as articulated by Hans Georg Gadamer Paul Ricoeur and a large number of thinkers working under their influence regards the phenomenological tradition be it in its Husserlian or various post Husserlian formulations. This volume inquires into this issue both in general conceptual terms and through specific analyses into questions of ontology and metaphysics science language theology and imagination. With a substantial editors introduction the volume contains 15 chapters from some of the most significant scholars in this field covering the essential questions about the history present and future of these two disciplines. The volume will be of interest to any philosopher or student with an interest in developing

a sophisticated and nuanced understanding of contemporary hermeneutics and phenomenology **The Return of the Theorists** Richard Ned Lebow,Peer Schouten,Hidemi Suganami,2016-03-21 Contemporary International Relations is as much a conversation between the living and the dead as it is among the living Its debates are thoroughly rooted in and shaped by the thought of many bygone minds both ancient and modern With this in mind The Return of the Theorists presents forty imagined dialogues with foundational theorists They run the gamut from Homer and Confucius to Hedley Bull and Jean Bethke Elshtain and span almost three millennia of human history comprising representatives of a variety of cultures The interviewers consist of more than forty international relations scholars and political theorists They too cut across cultures continents and almost three generations and each is an expert on the work of the thinker invited The Return of the Theorists will be of interest to anyone who has tried to enter the mind of bygone thinkers in political thought and International Relations *On the Arab Revolts and the Iranian Revolution* Arshin Adib-Moghaddam,2013-10-10 On the Arab Revolts and the Iranian Revolution Power and Resistance Today is the first comparative analysis of two central political events that have altered our world forever the Arab uprisings which started in Tunisia and the Iranian revolution in 1979 Adib Moghaddam demonstrates how contemporary forms of protest are changing our understanding about the way power and resistance function In a theoretical tour de force which is substantiated with a range of primary material he argues that acts of protest in Tehran to Cairo can be entirely linked to the same act in New York London Madrid and Athens Breaking through the east west north south divide Adib Moghaddam shows how the Arab revolts promise to shift the discourse away from the idea that Arabs and Muslims are peculiar that Middle Eastern Studies cannot be linked to political theory that the dynamics of rebellion there are fundamentally different from the politics of revolt here Adib Moghaddam argues that the dialectics of power and resistance are truly universal and that they are unfolding within a globalised political context that is increasingly interconnected In order to illuminate this argument theoretically the study is organised around conceptual terms that feed into forms of power and resistance such as revolution radicalism dissent knowledge neighbour and reform These terms and concepts are discussed and deconstructed via an empirical discussion of pivotal events beyond the non western world demonstrating that for a long time and without realising it we have been living in the end times of unitary categories such as west and east

Fuel your quest for knowledge with is thought-provoking masterpiece, **The Passion Of Michel Foucault** . This educational ebook, conveniently sized in PDF (Download in PDF: *), is a gateway to personal growth and intellectual stimulation. Immerse yourself in the enriching content curated to cater to every eager mind. Download now and embark on a learning journey that promises to expand your horizons. .
