International Research on Education for Sustainable Development in Early Childhood John Siraj-Blatchford, Cathy Mogharreban, Eunhye Park, 2016-10-14 This book offers a perspective on Education for Sustainable Development in Early Childhood ESDEC that is far removed from the business as usual notion of an extended predominantly environmental educational curriculum for preschools It presents a vision of sustainable development that has relevance to Early Childhood Care and Education ECCE from birth to school it is relevant as much to homes family support and health settings as it is to educational settings and is as much concerned with health and wellbeing as with education The book provides a perspective that is fundamentally embedded in notions of interdependency It places an emphasis upon the importance of recognising the interdependency of peoples within and between nation states the ecological interdependencies of the natural world of humanity and nature and most significantly

the interdependency of adults and children These emphases have their origins in the grassroots studies included in the ten chapters representing countries from around the world The book reflects the idea that only global solutions and initiatives are capable of addressing the global challenges of climate change environmental pollution and global threats to ecological systems and biodiversity **Eat...Think...Heal** Margaret Bridgeford, 2015-05-26 Have you ever experienced the seemingly inexplicable A sense of being stared at Thinking of something just as someone else says it For these brief moments you are sensing the vibrations and thought patterns of others In this highly readable personal story Margaret takes us on her own journey as she highlights the roles of food and thought as sources of healing in our lives Margaret draws on her own familys experiences sharing very personal stories of health and ill health and their surrounding circumstances while growing food to feed the world She explains in a fascinating account how and why our food has lost its nutrition and shows us how this can be reversed Margaret also draws on ancient practices of vibrational medicine and explains how these practices can be easily embraced in our modern world helping us return to our intuition and use focused thought to help aid our levels of wellness Wow what a book This is one of the most fascinating sprints through cutting edge wellness thinking Ive read in a long time And I do a lot of reading Joel Salatin farmer author integrity food advocate Margaret Bridgeford has woven incisive research to create a vivid image of the landscapes of soil body and soul revealing the vibrational connection between them all Margaret Bridgeford convincingly ignites a call to action Kathryn Brimblecombe Fox Visual Artist
