*The Narratology of Comic Art* Kai Mikkonen,2017-05-08 By placing comics in a lively dialogue with contemporary narrative theory The Narratology of Comic Art builds a systematic theory of narrative comics going beyond the typical focus on the Anglophone tradition This involves not just the exploration of those properties in comics that can be meaningfully investigated with existing narrative theory but an interpretive study of the potential in narratological concepts and analytical procedures that has hitherto been overlooked This research monograph is then not an application of narratology in the medium and art of comics but a revision of narratological concepts and approaches through the study of narrative comics Thus while narratology is brought to bear on comics equally comics are brought to bear on narratology

Picturing Childhood Mark Heimermann,2017-03-01 Comics and childhood have had a richly intertwined history for nearly a century From Richard Outcault s Yellow Kid Winsor McCay s Little Nemo and Harold Gray s Little Orphan Annie to Herg s Tintin Belgium Jos Escobar s Zipi and Zape Spain and Wilhelm Busch s Max and Moritz Germany iconic child characters have given both kids and adults not only hours of entertainment but also an important vehicle for exploring children s lives and the sometimes challenging realities that surround them Bringing together comic studies and childhood studies this pioneering collection of essays provides the first wide ranging account of how children and childhood as well as the larger cultural forces behind their representations have been depicted in comics from the 1930s to the present The authors address issues such as how comics reflect a spectrum of cultural values concerning children sometimes even resisting dominant cultural constructions of childhood how sensitive social issues such as racial discrimination or the construction and enforcement of gender roles can be explored in comics through the use of child characters and the ways in which comics use children as metaphors for other issues or concerns Specific topics discussed in the book include diversity and inclusiveness in Little Audrey comics of the 1950s and 1960s the fetishization of adolescent girls in Japanese manga the use of children to build national unity in Finnish wartime comics and how the animal child hybrids in Sweet Tooth act as a metaphor for

The Rise of the Graphic Novel Alexander Dunst,2023-07-20 Bringing digital humanities methods to the study of comics this monograph traces the emergence of the graphic novel at the intersection of popular and literary culture Based on a representative corpus of over 250 graphic novels from the United States Canada and Great Britain it shows how the genre has built on the visual style of comics while adopting selected features of the contemporary novel This argument positions the graphic novel as a crucial case study for our understanding of twenty first century culture More than simply a niche format graphic novels demonstrate how contemporary literature reworks elements of genre narrative reconfiguring

rather than abolishing distinctions between high and low The book also puts forward a new historical periodization for the graphic novel centered on integration into the literary marketplace and leading to an explosive growth in page length and a diversification of aesthetic styles **The Book of Forks** Rob Davis,2019 The much anticipated final volume of Rob Davis's dark and inventive trilogy *The Motherless Oven* and *The Can Opener's Daughtermay* have raised more questions than they answered but *The Book of Forks* explains everything Castro Smith finds himself imprisoned within the mysterious Power Station writing his *Book of Forks* while navigating baffling daily meetings with Poly a troubled young woman who may be his teacher his doctor his prison guard or something else entirely Meanwhile back home Vera and Scarper's search for their missing friend takes them through the chaotic war zone of the Bear Park and into new and terrifying worlds With *The Book of Forks* Rob Davis completes his abstract adventure trilogy by stepping inside Castro's disintegrating mind to reveal the truth about the history of the world the meaning of existence and the purpose of kitchen scales *New Peterson Magazine*,1856

*The Children's Hour* T. S. Arthur,1867 **California Cultivator**,1922 **Otherworldly Mothering** Marika Ceschia,2024-08-09 *Otherworldly Mothering* argues that literary works by Toni Morrison Gloria Naylor Paule Marshall Audre Lorde and Toni Cade Bambara reimagine subjectivity in processual and relational terms through a rewriting of maternal praxis a technique that unveils the historical continuities between antebellum and neoliberal America By refiguring materials drawn from the tradition of slave narratives Black women's literature of the 1970s and 1980s often conjures maternal otherworlds where it is possible to engage alternative modes of being In conversation with the work of Hortense Spillers Sylvia Wynter and Saidiya Hartman Marika Ceschia analyzes how Black women writers find in the maternal a means of

creatively reenvisioning the figure of the human Morrison's *Song of Solomon* Naylor's *Linden Hills* Marshall's *Praisesong for the Widow* Lorde's *Zami* and Bambara's *The Salt Eaters* each change the strictures that dictate how the human is performed As these texts show maternal praxis can have a transformative ontological effect confronting the toll exerted by centuries of racial violence these writers reclaim the maternal as a site of subject formation Otherworldly Mothering reassesses canonical works of twentieth century Black women's literature alongside theoretical debates around the ontology of the human antiblackness and Black motherhood Ceschia proposes a reappraisal of maternal praxis that challenges neoliberal discourse and questions recent critical turns toward Afropessimism and posthumanism Outlook and Independent, 1905 **The Outlook** Lyman Abbott, Hamilton Wright Mabie, Ernest Hamlin Abbott, Francis Rufus Bellamy, 1905 **Tainted Innocence** Joss Alexander, 2025-02-11 England 1524 In Cambridge the College of the Young Princes brings together all manner of people with all manner of secrets Among them is Bryony an illiterate laundress and a stranger to the town who lives in constant fear that her unusual upbringing and lack of friends will leave her vulnerable to accusations of witchcraft When Matthew Hobson a scholar at the college is found murdered and wrapped in linen that Bryony lost she immediately becomes a suspect But she is not the only one Luke Hobson a taciturn local tradesman who has sacrificed much for his charismatic but selfish brother also has a motive for the murder With the university authorities eager to solve the crime outsiders Bryony and Luke are forced into a wary alliance knowing they have to track down the killer if they are to escape hanging But can they trust in each other's innocence in order to uncover the truth 93 000 words Peterson's Magazine, 1856 *Our Young Folks*, 1904 **Luser, the Watchmaker** Adolph Moses, 1899 The Rebellion Record Moore, 1865 **The Rebellion Record** Frank Moore, 1865
