## **The New Commodity Trading Guide:**

**The New Commodity Trading Guide** George Kleinman, 2009 While providing traders with strategies for today's electronic global commodity markets commodities expert Kleinman uncovers new trading techniques and new approaches designed for today's faster moving futures markets In this work he reveals the new practical realities and specific strategies for capitalizing on today's radically different markets

*The New Commodity Trading Guide* George Kleinman, 1900 This is the eBook version of the printed book If the print book includes a CD ROM this content is not included within the eBook version Profit from Radical New Changes in Today's Commodities Marketplace

**The New Commodity Trading Guide** George Kleinman, 2009-03-02 I've been trading stocks and commodities for more than 30 years and I've read any number of how to books but George Kleinman's *The New Commodity Trading Guide* is as clear precise and useful as any book I've come across during my career I cannot recommend it strongly enough if for no other reason than George finally explains *The Voice from the Tomb* better than any of the old guard at the CBOT Read it and reap Dennis Gartman editor/publisher The Gartman Letter L C Commodities present great financial opportunity and as every hedge fund and trader has experienced great risk This book shows how to use commodity trading and volatility to capture excess profits while limiting losses These lessons are as critical for investors as they are for traders as we are likely to be in a volatile trading environment for the foreseeable future Daniel J Dart private investor and COO Merrill Lynch Investment Managers Third Party Group retired George Kleinman's book has just the right blend of practical trading wisdom technical charting and fundamental analysis It's full of revealing discussions about seasonal trading patterns and long term trends But most importantly it presents a balanced view that honestly reveals both the difficulties and advantages of being a private commodities trader There's something here for both experienced investors and beginners interested in learning from a seasoned expert Jeff Augen author of *The Volatility Edge in Options Trading* and *Trading Options at Expiration* I highly recommend George Kleinman's *The New Commodity Trading Guide* George's insights the result of 25 years of successful trading experience are explained in a way that a new trader can grasp and at the same time an experienced trader can translate into his own trading Best of all George presents many of his own creative trading methods including his Natural Number Method explained for the first time in this book Jeff Quinto president of Transformative Trading and futures trading coach Since leaving the trading floor George is one of the few people I still talk to about the markets and this book clearly shows why He is able to take classic time tested methods of technical analysis and adapt them to the conditions faced by today's electronic traders Andrew Stanton 20 year veteran of the NY trading floors Over the long term commodities prices are expected to rise based on massive increases in global demand But as many investors have discovered the hard way merely knowing this is not enough to make consistent profits Fundamental changes in the commodities markets have occurred that have implications most investors do not understand For instance century old open outcry trading floors have now been replaced with computerized trading In *The New*
