*The McDonaldization of Society* George Ritzer, 2013 George Ritzer's *McDonaldization of Society* now celebrating its 20th anniversary continues to stand as one of the pillars of modern day sociological thought. By linking theory to 21st century culture, this book resonates with students in a way that few other books do, opening their eyes to many current issues especially in consumption and globalization. As in previous editions, the book has been updated and it offers new discussions of, among others, In N Out Burger and Pret A Manger as possible antitheses of McDonaldization. The biggest change, however, is that the book has been radically streamlined to offer an even clearer articulation of the now famous McDonaldization thesis.

**The McDonaldization of Society** George Ritzer, 2018-01-12 The book that made McDonaldization part of the lexicon of contemporary sociological theory, read by hundreds of thousands of students, is now in its Ninth Edition. George Ritzer's seminal work of critical sociology, *The McDonaldization of Society*, continues to stand as one of the pillars of modern day sociological thought. Building on the argument that the fast food restaurant has become the model for the rationalization process today, this book links theory to contemporary life in a globalized world and resonates with students in a way that few other books do. Ritzer opens students' eyes to many current issues and shows how McDonaldization's principles apply to other settings, especially in the areas of consumption and globalization.

Through vivid story telling prose, Ritzer provides an insightful introduction to this fascinating topic and aids students' critical development. This new edition has been fully updated to include a new focus on McDonaldization in the digital world.

**The McDonaldization of Society** George Ritzer, 2018-01-12 *The McDonaldization of Society* is George Ritzer's seminal work of critical sociology that links classical sociological theory to many aspects of contemporary life in a globalized world. Max Weber's rationalization thesis, updated and applied to the late 20th and early 21st century, where Weber focused on bureaucracies as the iron cages of rationalization in his time, the central premise of McDonaldization is that the fast food restaurant has become the model for the rationalization process today. The book examines ways in which fast food businesses have created a system of operation based on efficiency, calculability, predictability, and control, and how the same principles have been applied to other settings and contexts as diverse as motel chains, big box stores, churches, child care centers, college rankings, health care providers, political participation, and most recently, the Internet.

*The McDonaldization of Society* 6 George Ritzer, 2011 As one of the most noteworthy and popular sociology books of all time, *The McDonaldization of Society* 6 demonstrates the power of the sociological imagination to 21st century undergraduates in a way that few other books have. This engaging work of social criticism is praised for sparking debate in and out of the classroom and for allowing students to read in depth on a small number of fascinating topics, and it vividly demonstrates the relevance of Weber's discussion of rationalization to the basis of McDonaldization to the everyday life of today's student. New and Retained Features Links a large number of social phenomena to McDonaldization, some which are directly impacted by the principles of the fast food chain and others where

the effect is more tenuous A new final chapter 10 on The DeMcDonaldization of Society examines the processes of deMcDonaldization and concludes that while it is occurring on the surface McDonaldization is alive and well for example in the structures that underlie Web 2.0 Many new and updated examples are from the digital world keeping the text ultimately relevant for the contemporary student reader Addresses the advantages of McDonaldization then focuses on the problems and dangers it poses and looks at efforts to deal with those challenges Examines the link between McDonaldization and globalization Challenges the reader to rethink McDonaldization as part of the structure of society and to act to reverse the trend towards it

Ballantine,George Ritzer,2010-06-02 **The McDonaldization of Society ...** Ritzer,1996 BUNDLE George F. Ritzer,David M. Newman, **Explorations in the Sociology of Consumption** George Ritzer,2001-04-11 In this book one of the leading social theorists and cultural commentators of modern times turns his gaze on consumption George Ritzer author of the famous McDonaldization Thesis demonstrates the irrational consequences of the rational desire to consume and commodify He examines how McDonaldization might be resisted and situates the reader in the new cultural spaces that are emerging in society shopping malls casino hotels Disneyfied theme parks and Las Vegas the new cathedrals of consumption as he calls them The book shows how new processes of consumption relate to globalization theory In illuminating discussions of the work of Thorstein

Veblen and the French situationists Ritzer unearths the roots of problems of consumption in older sociological traditions He indicates how transgression is bound up with consumption through an investigation of the obscene in popular and postmodern culture McDonaldization Society Now Ian Tinny, Dead Writers Club, Micky Barnetti, Dr. Rex Curry, McDonald's started in 1940 in the USA At that time much of the planet was being terrorized by Stalinization and Hitlerization German socialism and Soviet socialism had partnered in a pact to divide up Europe launching World War II invading Poland together and going onward leading to the socialist Wholecaust of which the Holocaust was a part It was a globalization conspiracy to make everyone in the world as equal as a cog in a collectivist wheel After the Allies defeated German socialism Soviet socialism continued the sordid plot on its own Stalin's anti consumption dogma had already starved millions to death under his collectivization of food His get poor quick scheme continued to impoverish multitudes for decades In contrast in the USA McDonald's began posting the number of hamburgers sold in 1955 The signs over the golden arches said over a million served Soviet socialists colluded with Chinese socialists despite Stalin's earlier experience cooperating with German socialists The Chinese mimicked Stalin's one size fits all food bureaucracy Soon Mao's death toll by starvation rivaled Stalin's Their bogus right to free socialized medicine could not cure stage 4 hunger not even pain pills nor palliative care was provided Soviet socialism and Chinese socialism both independently caused cannibalism think of it as slow food not fast food While McD's asked Do you want fries with that socialists asked Do you want flies with that Due to the lack of reliable electricity and refrigeration Similar unhappy meals followed the same irrational socialization chaos in other countries Socialism is a high mortality dogma In 1991 the Union of Soviet Socialist Republics ceased to exist because its socialization economy collapsed In 1993 The McDonaldization of Society by George Ritzer was published In the book Ritzer writes as if he is ignorant that members of Hitler's group did not call themselves Nazis but called themselves socialists and touted socialism by the very word in voluminous writings and speeches In that regard Ritzer perpetuates widespread ignorance among college students Ritzer seems ignorant of the death tolls under Stalin and Mao who also glorified socialism voluminously by the very word It says more about Ritzer than it does about McDonald's In 1994 McDonald's stopped counting hamburgers served because the quantity surpassed 99 billion Today McDonald's is so loved that it can boast that billions and billions have been served During that same time socialists can boast that millions and millions have been starved To death The USA has avoided many monotonous horrors of collectivization and socialism's trademark mass starvations McDonaldization and other all capitalism saved us from McStalinization McHitlerization McMaoism and defeated other McSocialization in America Even so The McDonaldization of Society is used as a textbook in American college classes that bad mouth capitalism and glorify socialism Young people are being brainwashed in schools and universities In how many other ways is the USA being victimized by anti capitalist propaganda The USA was the origin of Nazi salutes and Fascist behavior through the propaganda of an American Socialist Francis Bellamy author of the USA's Pledge of Allegiance to the Flag America's Nazi salute was

often performed by public officials in the USA from 1892 through 1942 near McDonald s start What happened to old photographs and films of the American Nazi salute performed by federal state county and local officials Those photos and films are rare because people don t want to know the truth about the government s past American youth groups Scouting adopted Bellamy s American Nazi salute with Bellamy s encouragement AND saluted swastika badges worn by fellow scouts Many Americans were accustomed to Nazi salutes for swastikas long before German socialism and Hitler Youth adopted similar behavior under Hitler That helps to explain another shocking revelation swastikas were promoted in the US military and worn as a patch on the upper left arm of American soldiers in a fashion that would become uniform under German socialism There are photos in this book Essentials of Sociology + the Mcdonaldization of Society, 8th Ed.
