

## The Necklace

The Necklace is a realistic fiction short story written by Guy de Maupassant in 19th century Paris, France. This short story is told from 3rd person. At the beginning of the story, we meet Mathilde Loisel, a middle-class girl who always feels upset about born in a poor family and she desires to be rich. Because of her economical condition, she marries a poor clerk, Monsieur Loisel, in the Ministry of Education. He is able to provide her only with a modest lifestyle. Mathilde is so convinced she must be rich that she detests her real life and spends all day dreaming about the fabulous life she's not having. She had a rich friend named Forestier. But she avoided visiting her because she suffered a lot after visiting her and seeing her wealthy lifestyle.

One day M. Loisel comes home with an invitation to a fancy ball hosted by his boss, the Minister of Education. He hopes that Mathilde will be happy to attend that party, but she feels angry and begins to cry. She tells him that she has nothing to wear. He tells her he will buy her a nice dress, even though it will mean sacrificing his own pleasure. Later she starts to behave oddly because she has no jewels to wear with the dress.
