Rudyard Kipling

The River Of Lost Footsteps:

The River of Lost Footsteps Thant Myint-U.,2006 When the prodemocracy uprising was finally crushed there was a muted international response The United States Japan the United Kingdom and Germany suspended bilateral aid But there was no pronounced outcry certainly not from the general public in Europe or in North America Nothing like the reaction to the massacre at Tiananmen Square a year later There were no calls for United Nations action No urgent transatlantic diplomacy Part of the reason was simple there were no television cameras present in the country at the time There was no CNN and no nightly news stories showing the depth of popular feeling or the violence that followed There were no pundits demanding retribution and little attention on Capitol Hill or at Westminster Much of the uprising had been in late August and early September just in time for the late summer holidays But the lack of response wasn't just attributable to the absence of television or to the fact that important people were vacationing in Martha's Vineyard or Tuscany It was also because Burma was almost entirely unknown To the extent that it was thought about at all it had the image of an exotic and dreamy backwater a gentle Buddhist country lost in time and quietly isolated hardly the sort of location for a foreign policy crisis It was an offbeat tourist destination unspoiled compared with neighboring Thailand perhaps even a model of an alternative approach to life unhurried and without the extremes of modern capitalism and communism Prodemocracy demonstrations in Burma It was like hearing about a coup in Shangri La What was to be done with a place like that Book jacket The River of Lost Footsteps Thant Myint-U.,2006

The River of Lost Footsteps Thant Myint-U.,2025-09-23 For nearly two decades Western governments and a growing activist community have been frustrated in their attempts to bring about a freer and more democratic Burma through sanctions and tourist boycotts only to see an apparent slide toward even harsher dictatorship But what do we really know about Burma and its history And what can Burma's past tell us about the present and even its future In The River of Lost Footsteps Thant Myint U tells the story of modern Burma in part through a telling of his own family's history in an interwoven narrative that is by turns lyrical dramatic and appalling His maternal grandfather U Thant rose from being the schoolmaster of a small town in the Irrawaddy Delta to become the UN secretary general in the 1960s And on his father's side the author is descended from a long line of courtiers who served at Burma's Court of Ava for nearly two centuries Through their stories and others he portrays Burma's rise and decline in the modern world from the time of Portuguese pirates and renegade Mughal princes through the decades of British colonialism the devastation of World War II and a sixty year civil war that continues today and is the longest running war anywhere in the world The River of Lost Footsteps is a work both personal and global a distinctive contribution that makes Burma accessible and enthralling
