Power of Logic Frances Howard-Snyder, 2008 *Faith, Reason, and Beyond Reason* Mark J. Boone, 2024-07-16 The relationship between faith and reason is multifaceted Faith transcends reason in that it is more than reason alone can contain or fully guarantee yet it is neither unreasonable nor something to which reason is irrelevant and reason says some pretty fine things about it This volume updates nine previously published articles on faith and reason by a

Christian philosopher who has been studying these matters for two decades alongside one new essay and a philosophical dialogue These articles explain and integrate key ideas on faith and reason including Alvin Plantinga's account of how Christian belief can be knowledge even without evidence defenses of faith from Augustine and William James accounts of empirical evidence for faith from different world religions the distinction between faith and sight in the New Testament the structure of the evidence for the authority of the Bible the idea that faith transcends reason because some articles of faith are beyond human comprehension even if we have evidence that they are true and the nature of faith as a total commitment beyond what the evidence alone can guarantee Christian Morality Geoffrey W. Sutton, Brandon Schmidly, 2016-08-08

Should society care about Christian morality Are Christians out of touch with complex moral decision making Christian Morality An Interdisciplinary Framework for Thinking about Contemporary Moral Issues provides readers with a framework for identifying and applying Christian moral principles to divisive issues First readers learn of the theological and philosophical foundations of Christian ethics Two additional chapters explain how personal and social factors influence our capacity to think critically and Christianly about morality Second readers will learn about forming Christian moral judgments by seeing how different thinkers address six contemporary moral issues abortion same sex relationships equal treatment of men and women in the workplace sex education and racial bias in incarceration polices *Philosophical Perceptions on Logic and Order* Horne, Jeremy, 2017-05-19 Strong reasoning skills are an important aspect to cultivate in life as they directly impact decision making on a daily basis By examining the different ways the world views logic and order new methods and techniques can be employed to help expand on this skill further in the future *Philosophical Perceptions on Logic and Order* is a pivotal scholarly resource that discusses the evolution of logical reasoning and future applications for these types of processes Highlighting relevant topics including logic patterns deductive logic and inductive logic this publication is an ideal reference source for academicians students and researchers that would like to expand their understanding of how society currently employs the use of logical reasoning techniques Recruiting the Ancients for the Creation Debate Andrew J. Brown, 2023-10-05 A careful and unbiased analysis of how thinkers from church history interpreted the creation narrative in Genesis How literally are we meant to take the creation week of Genesis 1 In this polarizing debate contemporary interpreters invoke great theologians from history to support their own side whether that be a young Earth theistic evolution or any other view The problem lies in trying to force ancient authors into contemporary boxes as Andrew J Brown shows in this thought provoking volume Covering Philo Basil Augustine Thomas Aquinas Martin Luther John Calvin John Wesley and more Brown carefully interprets great thinkers readings of Genesis 1 in their intellectual contexts He then assesses how these authors have been subject to cherry picking and misappropriation in the trenches of the modern creation debate By studying the intellectual history of the church in this way to revisit rather than recruit the ancients we can enrich our own biblical interpretation Irenic and magisterial Brown's guide will interest both scholars of historical theology and anyone

invested in the creation debate **Individuals as Producers of Their Own Development** Richard M. Lerner, 2021-03-30
