The Prime Minister Annotated English Edition:

The Prime Ministers of Postwar Japan, 1945-1995 Akio Watanabe, 2016-04-29 This book examines the lives and times of Japan's postwar prime ministers covering the period from 1945 to 1995. Written by Japan's leading scholars, it is the first English language biographical portrait of these twenty-three individuals who helped lead Japan on its road to recovery, its return to the community of nations and its subsequent prosperity. Each chapter brings out to varying degrees the larger political and historical environment, party dynamics and personality traits of the prime ministers. In addition, the book discusses not only the policy choices the prime ministers made but how those decisions were made and what the consequences were for the country, ruling party and the individual who made them. *The Prime Ministers of Postwar Japan 1945-1995* fills a large void in the literature on postwar Japan by introducing the actual people who made the decisions during these important years rather than simply discussing the theories and institutions in which those decisions were made.

The Academy, 1892 The Country House Library Mark Purcell, 2019-09-03 Beginning with new evidence that cites the presence of books in Roman villas and concluding with present-day vicissitudes of collecting, this generously illustrated book presents a complete survey of British and Irish country house libraries. Replete with engaging anecdotes about owners and librarians, the book features fascinating information on acquisition bordering on obsession, the process of designing library architecture and the care and neglect of collections. The author also disputes the notion that these libraries were merely for show, arguing that many of them were profoundly scholarly, assembled with meticulous care and frequently used for intellectual pursuits. For those who love books and the libraries in which they are collected and stored, *The Country House Library* is an essential volume to own. Marginal Notes Patrick Spedding, Paul Tankard, 2021-03-13 *Marginal Notes: Social Reading and the Literal Margins* offers an account of literary marginalia based on original research from a range of unique archival sources from mid-16th century France to early 20th century Tasmania. Chapters examine marginal commentary from 17th century China, 18th century Britain and 19th century America, investigating the reputations as reflected by attentive readers of He Zhou, Pierre Bayle, Samuel Johnson, Thomas Warton and Sir Walter Scott. The marginal writers include Jacques Gohory, Mary Astell, Hester Thrale, Herman Melville, the young daughters of the Broome family in Gloucestershire and the patrons of the library of the Huon Mechanics Institute, Tasmania. Though marginalia is often proscribed and frequently hidden or overlooked, the collection reveals the enduring power of marginalia, concluding with studies of the ethics of annotation and the resurrected life of marginalia in digital environments. *The Athenæum* James Silk Buckingham, John Sterling, Frederick Denison Maurice, Henry Stebbing, Charles Wentworth Dilke, Thomas Kibble Hervey, William Hepworth Dixon, Norman Maccoll, Vernon Horace Rendall, John Middleton Murry, 1887 Catalogue of the Public Documents of the [the Fifty-third] Congress [to the 76th Congress] and of All Departments of the Government of the United States United States. Superintendent of Documents, 1896 **Great Kingdoms of Africa** John Parker, 2023-03-21 A groundbreaking, sweeping

overview of the great kingdoms in African history and their legacies written by world leading experts This is the first book for nonspecialists to explore the great precolonial kingdoms of Africa that have been marginalized throughout history Great Kingdoms of Africa aims to decenter European colonialism and slavery as the major themes of African history and instead explore the kingdoms dynasties and city states that have shaped cultures across the African continent This groundbreaking book offers an innovative and thought provoking overview that takes us from ancient Egypt and Nubia to the Zulu Kingdom almost two thousand years later Each chapter is written by a leading historian interweaving political and social history and drawing on a rich array of sources including oral histories and recent archaeological findings Great Kingdoms of Africa is a timely and vital book for anyone who wants to expand their knowledge of Africa s rich history

Neoclassical Satire and the Romantic School 1780-1830 Rolf P. Lessenich,2012-08-15 Romanticism was not only heterogeneous and disunited It also had to face the counter movements of the Enlightenment and Augustan Neoclassicism which were still gaining momentum in the decades around the French Revolution Neoclassicists regarded Romanticism as a heretical amalgam of dissenting new schools threatening the monopoly of the Classical Tradition Acrimonious debates in aesthetics and politics were conducted with the traditional strategies of the classical ars disputandi on both sides Under the duress of the heaviest satirical attacks Romanticism began to gradually see itself as one movement giving rise to the problematic opposition of Classical with Romantic This construction however was indispensable for the clarification of different positions among the hubbub of conflicting voices It has also proved critical in literary and cultural studies The Classical Tradition emerges as an ongoing event from Greek and Latin antiquity via Neoclassicism and Romanticism to our time *The Men of the Time, Etc.
