

## Practical considerations

1 Complete the gap with a noun  
I was walking along a country road in the rain when a driver took  
my umbrella on me and stopped to give me a lift.

2 You overhear this woman talking about smoking at work  
(What point does she make about it?)  
A It causes smokers to work less than non-smokers.

B It leads to better communication among the staff.

C It is evidence of a general lack of respect for others.

It used to be terrible in the office, everyone puffing away - myself included - and this huge cloud of smoke permanently hanging in the air. Now, of course, that's all changed and we all have to go outside if we want a cigarette. You hear the occasional moan from the non-smokers that it's just a big excuse not to do any work, but actually, I think it's helped everyone be more productive. You get people from all different departments coming together for a smoke and a chat. We often talk about it as a 'smoke break' and it's a great way of exchanging ideas and knowledge - much more effective than emails.
