The Entity of Camp Devils Lake Anthony Gurule, Consider What the Angels Say George DeVangelos, 2016-08-31 Our world now and throughout history has had conflicting accounts of the nature of God and man's relationship to this cosmic deity These conflicts have wrecked havoc within the societies of humanity to dangerous levels Mankind has relied upon his sacred and canonized scriptures to provide doctrinal absolutes for his religions but these absolutes differ and therefore cannot possibly all be correct at least in specific contexts However there exist a very mysterious book circulating worldwide that does have specific detailed and consistent answers to all of our questions The origin of this book is steeped in mystery and no human author has claimed ownership to its teachings which cover 2097 pages of intensive reading and exhaustive information This book is known as the Urantia Book and has been placed in the public domain The Urantia Book takes us from the conceptual locations within our segregated religious heritage and correctively re-calibrates our various belief systems which have been unavoidably limited and distorted by our world views throughout human history After its conceptual enhancements and adjustments the Urantia Book enlarges such informational details into an elevation of more exact universal levels of perception as an advancement of cosmic truth Consider What the Angels Say takes this expansive and intricately complicated book and presents a timesaving presentation of its teachings and gently correlates it with Christian doctrines and other religions as well as human philosophy and knowledge In this book the following questions will be answered What exactly is God and how does this phenomenon relate to infinite reality the time and space cosmos other spiritual beings and our world Exactly what is the Godhead Trinity and why is it a necessary foundation for the existence of universal reality What are angels and spiritual principalities What are their levels and types and how do they interface and interact between supernatural and human situations How does the historical Jesus Christ fit into the spiritual dimensions of reality How is he related to the one eternal God and how is Jesus an integral part of our soul salvation How was man physically created and what accounts for the variances in human biological races and how does this correlate with the theory of evolution What is the nature of the human soul and how is it translated into the eternal spiritual realities and how does it exist beyond death and what is its destiny How did mankind come to develop and organize his cultures and what part did supernatural spiritual beings play in the formulations of man's religious doctrines Why has there been so much tragedy hardship war disease and social discord throughout our history What is the nature of sin and why does evil even exist Something is not right what went wrong In all of the versions of religious

theologies and doctrines worldwide no one book explains the details of these universal mysteries as completely and systematically as the Urantia Book it is truly a gift from the angels Consider What the Angels Say is a concentrated effort forged from the heartfelt love and concern for humanity to introduce this majestic angelic book to all who are able to receive and benefit from its supernatural information Heal Yourself - Heal the World Donna Kenny,2016-08-11 Our created universe is ever evolving and is presently passing through a critical evolutionary stage We are in the midst of a universal healing and transformation process which will catalyze a shift into a new evolutionary paradigm This new paradigm will manifest a glorious reality that has never before been experienced on any level of Creation The highest of Heaven will be brought to Earth and humanity will experience a transformative rebirth in consciousness This book provides a comprehensive overview of the purpose and goals of the universal healing and transformation process from the perspective of the Divine Plan of Creation It also offers support and guidance for your personal healing and transformation process so that you can embrace your true divine destiny in the wondrous new reality **"Imperishable Glory Or God and the little gods "** John Thwaytes, I think it was Lobsang Rampa who said that the littlest gods are the most powerful of all the gods Perhaps by the end of this chapter you will understand why that is true On the cover of this book I have given an artist's impression of what a typical little god looks like at its third stage when it is in the space time universe and just about ready to hook up with a group of friends and form a particle of matter energy The tiny God Particle is the basic substance that creates and forms all types of matter energy and without it no matter energy of any sort can exist It originates as part of God the Father in pre reality where it is almost the same as a particle of thought and it is constituted in inexhaustible trillions held in reserve and fed into action by the Unqualified Absolute and the Deity Absolute from the Circle of Infinity in nether Paradise Each of these particles is a carrier of the power and Will of God for the various roles of matter energy in Creation Nephilim Awakened Joanne Johnson,2013-07-01 NEPHILIM AWAKENED is a sci fi novel with New Age and biblical references in which an unlikely heroine finds herself chosen to destroy the anti Christ a perfect hybrid creature developed by aliens living beneath our world in tunnels It is a humorous account of a seemingly ordinary woman awakened to dormant supernatural powers and thrown into a crash course in survival on a distant planet Divine Mother, Divine Father Donna D'Ingillo,2016-12-01 Divine Mother Divine Father introduces readers to our heavenly parents 8212personalizations of God as male and female whose love for us is beyond comprehension They are always available to their children on Earth for an intimate co creative relationship This brief but profound gift book offers a selection of 50 short messages from Jesus as well as 50 short teachings from Mother Spirit his coequal divine consort illustrating their ultimate equality and complementary divine natures These one page messages on a variety of inspiring topics uplift the soul soothe the heart and strengthen the mind Among the lessons from Mother Spirit are Mother's Heartbeat Demonstrating the Fruits of the Spirit and The Practice and Process of Self Mastery Among the lessons from Jesus are Your Place in the Universe Opening to Life Eternal and Abundant and The

Goodness of Unselfishness RIVER OF TRUTH Rev John Robert Thwaytes, There are a vast number of superhuman persons in the spiritual realm created perfect but having free will like us and therefore capable of turning towards evil Among them were Lucifer Satan and Caligastia for example They are not God but when they function perfectly in tandem with God they may be referred to as God or the Good Shepherd as in Psalm 23 Significantly the majority of them the good ones tell us that they first recognize the FACT of God by His River of inexhaustible energy Meditating on this led me to put my thoughts down in this book partly for my own spiritual good But I am happy to share them **The Story of Jesus**

William H. Kautz, 2012-04-10 THE STORY OF JESUS AN INTUITIVE ANTHOLOGY Many contemporary Christians suspect that there is more to Jesus and his enduring message than the little that has survived in historical writings and the legendary Christian tradition This book offers a narrative account of Jesus life from the perspective of twenty contemporary writers who have developed their natural intuitive abilities to an unusually high level They are therefore able to bring forth new and detailed information not ordinarily accessible by historical or literary means Some of them had demonstrated their unusual skill by probing deeply into the personal lives and minds of historical individuals other than Jesus while some had provided important and detailed technical information which was then verified scientifically They apply their intuitive skills here to uncover fresh information about the man Jesus his contemporaries and his extensive teachings which never found their way into the New Testament Gospels and related historical documents These new findings offer a much richer view of the man himself than that available from traditional Christian sources They also provide illuminating insights and a deep spiritual understanding of Jesus original and hidden teachings The Story of Jesus is essential reading for all inquirers and seekers into these hidden and previously lost portions of Christian spiritual history
