What Am I Here For? (ePub) Martin C. Bala, 2024-03-19 We all go through life with similar struggles and desires but not everyone follows their childhood dreams, not everyone is successful or at least feels that way. There are also moments in your life when something unusual happens. An accident, a health problem or something bigger than your job, your career. In those moments, life loses its meaning and you start to think, Is what I am doing now all there is? Is this what I dreamed of as a child? What am I here for? Similar questions have been on my mind for more than two decades of my life and I have found answers that I am willing to share with you in this book. People who are truly successful do things differently than most and it is not too late for you to learn what they know. Without finding your purpose, true success can be very difficult to achieve. It is never too late to change the way you think, to act differently and to make a difference. Everyone needs to believe in something, even if it is only in their own abilities. I invite you on an exciting journey of self-discovery and the beginning of a new phase of your life. What you will find in this book is a great insight into the psychology of who you are.

and a different perspective on widely accepted truths It will teach you how to work on yourself and apply the knowledge you find to your own life I've turned my life around and so can you You already have what you need Find out how you can live the life of your dreams The world of subjective contrast and compassion Is a false world built entirely By each person's imagination Nothing is as it seems Zen proverb

The Ripple Effect Bob Wilson, 2018-03-20 My grandchildren and I were standing at the edge of a still lake feeding the ducks when my granddaughter picked up a pebble and tossed it into the lake The pebble quickly sank to the bottom of the lake but the effect of the pebble created many ripples They keep spreading and spreading from the center and there was no way to stop them The Ripple Effect is based on the concept that we are connected We can and do affect each other The result is a building of community that will affect how we treat others and the way we live our lives All of us have passion for something as well as a vision and hope to use our gifts and talents for a greater purpose The Ripple Effect was originally written as a textbook for a character class curriculum using an athletic medium designed to change the culture of sport that provided collegiate student athletes with application model for character driven athletics Today it has become a resource that provides a guide that can apply to anyone who has an interest in desiring to pursue competitive excellence that emulates Christ We live in a culture today that promotes comfort not challenges We want instant gratification free from consequences of our choices Our choices and actions represent who we are what we believe and define our character The ripple effect provides a foundation for a person to better understand who they can become The most important relationship a person will ever have is with themselves The question is are we doing the best they can to become more than they have become Each ripple has a message which is the pebble a theme which is the ripple effect and an application that provides the action necessary to develop and improve character To reach significance in the athletic arena as well as life one needs to be able to embrace competition establish quality relationships and develop values rules of the road that become the lifestyle What happens when we experience the ripple effect We become a person with a Christ like perspective with a renewed purpose a new sense of direction and enhanced relationships
