What Really Is Christianity Second Edition:

What Really Is Christianity, Second Edition Austin de Bourg, 2014-12-19 Discover who God intends for you to be and how to fulfil your God appointed purpose This book is a wakeup call to slumbering Christians It addresses the urgent need for Christians to return to Jesus Christ and His Christianity and to passionately pursue a personal intimate relationship with Him the Father and the Holy Spirit It takes you deeper in Christ and propels you to put your Christian faith into action and advance the Kingdom of God Too much is at stake for you not to know what really is the Christianity that Jesus Christ has prepared especially for you In his unique simple style author Austin de Bourg leads Christians into the full understanding of their faith as he unveils Christianity from God s perspective This book takes the subject of Christianity to a dimension where modern literature on the topic rarely ventures It reveals truths from the Word of God on the supernatural birthright and heritage of Christians and Christianity and answers questions on the seldom taught doctrine of the reality and conflict of the dual nature of Christians What Really is Christianity points out the importance of Christians knowing and keeping their divine lineage and heritage alive not only for their benefit but for the benefit of those who would carry on the faith Like the early Christians who knew who they were this generation and the generations to come would be able to live and function as Christ ordained and as such successfully changed their world In this book author Austin de Bourg deals frankly with the misconceptions of Christianity which many earnestly practice today warning of the dangers of replacing relationship with God with religion which in fact keeps us from coming to God Not only does the author diagnose the present malady of Christians and Christianity but he prescribes the corrective treatment In so doing he identifies with precise clarity the Christianity that Christ established and left for us to follow Both Christians and non Christians alike will benefit from this insightful work pregnant with the author s personal intimate experience with the Trinity and his passion to see everyone experience the superior quality of life that he himself has come to know and experience through Christ s Christianity **A**

History of Christian Theology, Second Edition William C. Placher, Derek R. Nelson, 2013-10-03 A modern classic A History of Christian Theology offers a concise yet complete chronicle of the whole of Christian theology from its background in the history of Israel to the liberation and postliberal theologies of recent years This updated 30th anniversary edition includes expanded treatments of theological developments at the end of the 20th century and preliminary trajectories for theology in the 21st century It also includes updated bibliographies and revised chapters on important innovations in biblical studies and their impact on theology This updated and revised edition will continue to aid the work of both students and faculty for years to come **Christianity for Doubters, Second Edition** Granville Sewell, 2025-09-09 In Christianity for Doubters mathematician Granville Sewell looks at a series of issues that cause Christians to doubt In the first two chapters he shows even more convincingly in this updated second edition that modern science is not close to explaining how the unintelligent laws of Nature alone could have produced intelligent humans and is in fact uncovering abundant evidence for

design in the origin and development of life on Earth and even in the laws of Nature themselves But while there is no shortage of evidence that God exists why is it sometimes so hard to see evidence that he cares about people and why does he remain backstage hidden from view working behind the scenes while people act out their parts in the human drama Although these theological problems are more difficult the author shows that some of the most important insights into both the scientific and theological questions can be made by applying a little common sense without relying on ideas that can only be understood by the experts

Modern Christian Thought, Second Edition James C. Livingston, Francis Schüssler Fiorenza, This widely acclaimed introduction to modern Christian thought formerly published by Prentice Hall provides full scholarly accounts of the major movements and thinkers theologians and philosophers in the Christian tradition since the eighteenth century Enlightenment together with solid historical background and critical assessments **Social Aspects of Early Christianity, Second Edition** Abraham J. Malherbe, 2003-10-29 Comments on the First Edition Those concerned with Christian beginnings will find Malherbe stimulating and incisive on the New Testament Robert M Gratz Journal of Religion The author is a scholar of great learning I found the footnotes to be extremely useful and the challenge of the book that a new consensus has emerged is a genuine contribution to continuing debate Robin Scroggs Journal of the American Academy of Religion An interesting and informed introduction to an important new development in the study of earliest Christianity Victor P Furnish Perkins Journal The book constitutes a major challenge to the depictions of early Christianity especially of the Pauline Wing in earlier scholarly work Howard Clark Kee Reflection **Ancient Egyptian Roots of Christianity, Expanded 2nd Edition**

Moustafa Gadalla, 2016-12-02 Egyptian roots of Christianity both historically and spiritually This book reveals the Ancient Egyptian roots of Christianity both historically and spiritually This Expanded Version of the book consists of three parts to coincide with the terms of trinity The first part demonstrates that the major biblical ancestors of the biblical Jesus are all Ancient Egyptian prominent characters The second part demonstrates that the accounts of the historical Jesus are based entirely on the life and death of the Egyptian Pharaoh Twt Tut Ankh Amen The third part demonstrates that the Jesus of Faith and the Christian tenets are all Egyptian in origin such as the essence of the teachings message the creation of the universe and man according to the Book of Genesis as well as the religious holidays The very thing that is now called the Christian religion was already in existence in Ancient Egypt long before the adoption of the New Testament The British Egyptologist Sir E A Wallis Budge wrote in his book The Gods of the Egyptians 1969 The new religion Christianity which was preached there by St Mark and his immediate followers in all essentials so closely resembled that which was the outcome of the

worship of Osiris Isis and Horus The similarities noted by Budge and everyone who has compared the Egyptian Osiris Isis Horus allegory to the Gospel story are striking Both accounts are practically the same e g the supernatural conception the divine birth the struggles against the enemy in the wilderness and the resurrection from the dead to eternal life The main difference between the two versions is that the Gospel tale is considered historical and the Osiris Isis Horus cycle is an allegory The spiritual message of the Ancient Egyptian Osiris Isis Horus allegory and the Christian revelation is exactly the same The British scholar A N Wilson pointed out in his book *Jesus The Jesus of History and the Christ of Faith* are two separate beings with very different stories It is difficult enough to reconstruct the first and in the attempt we are likely to do irreparable harm to the second This book will demonstrate that the Jesus of History the Jesus of Faith and the tenets of Christianity are all Ancient Egyptian This will be done without causing any irreparable harm as per A N Wilson s concern for two main reasons Firstly the truth must be told Secondly explaining Christian tenets via their original Ancient Egyptian contexts will enhance the idealism of Christianity This Expanded Version of the book consists of three parts to coincide with the terms of trinity the Three that are Two that are One The first part demonstrates that the major biblical ancestors of the biblical Jesus are all Ancient Egyptian prominent individuals The second part demonstrates that the accounts of the historical Jesus are based entirely on the life and death of the Egyptian Pharaoh Twt Tut Ankh Amen The third part demonstrates that the Jesus of Faith and the Christian tenets are all Egyptian in origin such as the essence of the teachings message the creation of the universe and man according to the Book of Genesis as well as the religious holidays There is an undeniable irony and a profound deep undeniable truth in Hosea s prophetic saying Out of Egypt have I called my Son A deep irony indeed Let us open our minds and review the available evidence For the truth is a composite of different and complementary pieces of a puzzle Let us put the pieces in the right location time and order

Faith Thinking, Second Edition Trevor Hart, 2020-11-12 Faith Thinking provides a stimulating introduction to some vital questions of method in Christian theology The book argues that faith commitments are necessary not in theology alone but in all serious acts of our knowing anything at all as human beings Knowledge in other words is always bound to be the outcome of some process of faith seeking understanding Fresh consideration is given too in this book to relationships obtaining between the authoritative canon of Scripture tradition and reason in the theological task Finally in this new edition an important reevaluation is undertaken of the potentially explosive impact of truth claims in a post truth world
