What S Wrong With The Church:

What's the Matter with the Church? William Willis, 2005 This is a call to church renewal by a retired United Methodist minister with a Ph D in pastoral counseling He looks at the matter the heart of the church and challenges those who care about the church to take the demands of their faith seriously as they work out what God wants from the faith community as it worships together serves together and becomes knit into the Body of Christ here on earth What's Wrong with the Church? Apostle Duane Mitchell, 2009-10 Whats Wrong with the Church Noticed the Problems and Addressing the Issues to Destroy the Yokes of Bondage The church has always been known as a spiritual hospital but now many of todays churches have a lot of people wondering what has happen to its effectiveness In other words why is the church allowing things to go on within it that isnt aligning with the Word of God It is a sad but known fact that the attendance of one night at a night club more than doubles the attendance of most church services When you ask the question to most that dont attend church services regularly why they dont attend services regularly the answer you will often get is because of certain issues that are noticeable within the church body that many Christians do not and are not willing to address Many Christians have noticed things going on within the body of Christ that are not aligned with the Word of God but are afraid to stand up against the viruses that plaques many churches So many Christians are afraid to stand up against these issues because they feel that they are the only one that have noticed them and from fear of being disowned by their church body Well dont you feel discourage for God has people who have noticed these issues who are not afraid to stand on the Word of God concerning these problems and are willing to teach you how to stand up against them according to the Word of God In this Book Apostle Duane Mitchell teaches you how to overcome the viruses that are found in many of todays churches through the biblical principles of the Word of God The biblical truths revealed in this book will help us as Christians to kill the many viruses that plague the church so we can function as Christ intended His Church too **How the Churches Got It Wrong** J. Craig Woods, 2012-06 When the founders of the early Christian Church created the Christian religion were they able to capture the truth as found in the actual words of Jesus Christ In looking at the history of our Christian institutions it becomes evident that His message of love and compassion has been completely overlooked by the Christian leaders who have defined Jesus Christ This book will be our spiritual journey to find the truth in the message of Jesus Christ And the true message of Jesus Christ is about peace hope and love Sadly His message has been ignored and distorted by our Christian institutions The Christ message of love was given to all humanity and we all possess the capacity to learn this message His Gospel of love was never intended to be a collection of creeds and doctrines created by a select group of self appointed clerical middle men Their creation of creeds doctrines and dogma has resulted in division disputation and bloodshed This book is my effort to reveal the truth in the message of Christ as expressed in His actual words Because of social political and psychological factors motivating the early Church leaders they were unable to give us a Christian theology that reflects the real meaning of the

unconditional love found in the Gospel of Jesus Christ If we are to experience the truth of Jesus Christ we must re visit the actual words of Jesus Christ to apprehend His message of love By eliminating the erroneous interpretations made by clerical middle men we can formulate our own thoughts based on the actual message of Jesus Christ It is my sincere hope that we will make this search as though we are spiritual archeologists digging for the truth that has remained buried under two thousand years of obfuscation With our new understanding of what Christ was teaching us it will be our time to know the true meaning of Christianity We will investigate the message of Christ by utilizing the canonical gospels to explore the words of Jesus Christ We will also refer to other Christian Gospels that were very popular amongst the early Christians but due to the politics of power these Christian Gospels were excluded from the New Testament Bible Canon In addition to these sources we will further explore other ancient texts that were influential within the early Christian communities such as the books found in the Corpus Hermeticum Our journey will take us to unexpected and exciting insights We will discover why our Christian institutions are failing The truth as expressed in the message of Christ is to be found in the actual words of Jesus Christ Unfortunately His truth has been lost in the creation of abstruse creeds and complicated doctrines by Church leaders In creating their Christian theology the early orthodox Church leaders were mainly interested in establishing and projecting their authority over all other Christian sects and political institutions True Christianity is not about judgment and condemnation Jesus Christ taught us that God is a loving Father and as such we have no reasons to fear our Father It is our responsibility as individuals to discover the new reality of Christian love and it will be our task to practice what we learn True Christianity is universal kinship The words of Jesus Christ as recorded in both canonical and non canonical sources will be used as our spiritual road map In the early years after the death of Jesus Christ men created the Christian religion and their creation has resulted in our modern Christian institutions Unfortunately we have inherited churchianity And true Christianity has yet to be discovered How the Churches Got It Wrong Christianity Revealed will be our spiritual journey to find the lost Gospel of Jesus Christ It is our journey back home to our spiritual Garden of Eden It will be our journey to discover the truth about uncon

Why the Religious Right Is Wrong About Separation of Church and State Robert Boston, 2010-09-30 Award winning journalist Robert Boston lambastes the zealots of the Religious Right for spreading misinformation about the constitutional principle of the separation of church and state Boston reveals how a band of ultraconservative religious groups with a political agenda led primarily by televangelist Pat Robertson is conducting a systematic war against the separation of church and state The tactics of these groups are designed to exploit unfounded fears and turn the American people against the separationist principle They will not rest Boston says until the United States has become a theocracy To expose the Religious Right s blatant distortions of U S history and correct its skewed analysis of legal rulings Boston objectively reviews the evolution of church state relations in the United States and looks at how the separation principle has been applied by the courts He also examines efforts by sectarian groups to win government support for their schools the school prayer issue the

history of the free exercise of religion and the controversial role of religion in the public square Published in cooperation with Americans United for the Separation of Church and State **What Is Wrong With the Bible?** Charles Giuliani,2018-07-26

The Bible is the number one best selling book of all time No other literary work in history has ever held so many people captive to its claims It is viewed as God s word an infallible moral guidebook and a timeless provider of hope and comfort But is there really any truth to these views Is the Bible really worthy of all this fanfare This book will reveal the ugly truth that the Bible is not at all what its fans think it to be In fact it is the very antithesis thereof And this book will prove all of this by using the bible itself as its own refuter

What Is Wrong with Black People? - How Post-slave Psychology and Afrocentricity are Joining with Colonialism to Undermine Black Africa's Cultural Integrity Joe Mints,2007-12-24 The mood in the world today is such that either you believe that Black people are natural slaves or you believe that White people are evil by nature In either case you are in a stalemate you can t change nature can you Yet not only is it very improbable for someone to turn up slave or evil just by nature it is neither demonstrable that evil is conditioned by skin colour The question here is why should evil be White and why should evil s target be Black In other words what is wrong with evil always tending to choose Black In fact the actual question is what is wrong with Black people always tending to be evil s preferred targets This book simply personifies a totally different type of intuition where the most unsuspected a yet the most damning a causes of the suffering and the struggles of Africans in today s world are not only laid open with courage but also resolved with vision

The God Who is Real Richard Haverkamp,2017-09-20 Humorous and conversational while at the same time theological and practical The God Who Is Real poignantly addresses the most compelling question of human history Does a personal caring God exist The author answers this through a series of stories or episodes which taken together form an autobiography that testifies to the reality of a sovereign God who desires an intimate loving relationship with His creation The Lord s care and miraculous provision are chronicled throughout the author s life from his conversion as a young man throughout his life as a preacher and missionary to his return to Canada in 2009 The book is marked by honesty and transparency Readers witness the spiritual highs of ministry and a close walk with the Saviour along with the lows of everyday life A born again

experience does not shelter a believer from illness heartache or challenges a truth gently woven throughout the pages of this manuscript **Winds of the Spirit** Conrad Kanagy,Tilahun Beyene,Richard Showalter,2012-08-29 In this groundbreaking study the authors make an unsettling claim Anabaptist churches of the Global South have more in common with the church of the first three centuries than they do with contemporary churches in Europe and North America that claim the Anabaptist name With data from 18 000 church members in ten countries they show how historical patterns of church renewal are repeating themselves today in the Asia Africa and Latin America The study does more than crunch statistics it probes the sources and nature of the renewal and growth And it pushes readers to ask what these trends can teach the church of the North in their own quest for faithfulness and vitality A compact and informative thesaurus on emerging ecclesiastical and cultural meanings of Mennonite Christian faith today is not merely a world religion but a substantially non Western phenomenon Jonathan J Bonk executive director Overseas Ministries Study Center **Religion Consistent with Itself, Or,**

Bearing Witness in Acts and Today Troy M. Troftgruben,2025-05-16 Many people have mixed reactions to conventional ideas of evangelism And yet in Scripture Jesus invites his followers to engage in faithful witness in the world In a society as complicated as ours where people have had many positive and negative experiences with Christianity what does constructive and faithful witness look like This book reengages the call of Jesus in Acts to bear witness faithfully The book explores how witness takes shape in Acts why that matters and what that might mean for today Each chapter focuses on Scripture passages from Acts examples of the early church engaged in witness and reflections on faithful witness today Nearly all Scripture passages appear in the Revised Common Lectionary for worship making them more familiar Each chapter concludes with discussion questions resources and suggestions These resources allow readers to engage in Scripture and reflection as individuals and as communities about faithful witness today Bearing Witness in Acts and Today invites readers into deeper engagement with the story of Acts the faithful witness of early church communities and the call of Jesus for today

Context Vladimir Ubeivolc, 2016-09-30 Following a paradigm shift in his own personal understanding of mission Vladimir Ubeivolc proposes the adoption of mission principles based on missio Dei to meet the social and spiritual needs of people in Moldova Biblically grounded and insightful the lessons to be learned from this book apply far beyond Eastern Europe Dr Ubeivolc uses his knowledge from six years of research twenty years of pastoral ministry and a lifetime of experience to summarize the landscape of the Moldovan Evangelical and Orthodox churches and their historical approaches to mission His evaluation emphasizes the need for a biblical foundation to mission for Eastern European Evangelical churches This book's message is a timely scholarly reminder of the need to pursue holistic mission if the church of Jesus Christ is to be an authentic and effective vessel to bring transformation to people's lives and society

Rut, Rot, or Revival A. W.

Tozer, 2006-09-01 If the messages in this book were read and acted upon by every pastor and church member we would have the revival for which Dr Tozer fervently prayed and for which many of us are praying today Warren Wiersbe The church should be a healthy fruitful vineyard that will bring honor to Christ says A W Tozer But to do so we as individuals must stop accepting the status quo and get out of our spiritual ruts In *Rut Rot or Revival* Tozer describes the signs of being in a spiritual rut the reasons we get into them how to get out and most importantly why we need to get out now
