What The Nanny Saw:

What the Nanny Saw Fiona Neill, 2013-07-02 It's the summer of 2008. For the past decade Nick and Bryony Skinner and their four children have ridden high on the economic boom but their luck is about to run out. Suddenly the privileged family finds itself at the center of a financial scandal; their Central London house is besieged by the press. Nick disappears and Bryony and the children become virtual prisoners in their own home. And Ali, their trusted nanny, watches it all. As the babysitter, she brings a unique insider/outsider perspective to the family, seeing far more than even the family itself is capable of. But when a reporter with a personal connection to the story comes asking her for the inside scoop, will Ali remain loyal to the family who never saw her as anything other than the help? Or will she tell her side? Written with Fiona Neill's delicious humor and addictive style, *What the Nanny Saw* is a keenly observed, often comical chronicle of the urban wealthy elite of parents who are often too busy to notice what is going on under their own noses, of children left to their own devices, and of a young nanny thrown into a role she doesn't know how to play. It is a morality tale of our time, a tale of betrayal, the corrosive influence of too much money, and why good people sometimes do bad things. *What the Nanny Saw* Kaira

Rouda, 2024-11-13 I keep all her secrets. She thinks she can trust me. Cecilia has it all. The house on the beach. The cute figure. The beautiful baby. But she's a long way from perfect. She's let me into her gorgeous house as her nanny because now she's on her own, she needs a little help with her baby daughter, Peyton. She barely notices me. But I see everything. While Peyton naps, I rifle through her drawers and discover the dark secrets in her past: the threatening letter from her ex-husband. It's a shame that Cecilia doesn't have my powers of observation. If she took some time, she might just recognise me. I've been following her for a while, after all. If she knew who I was, then I don't think I'd be so invisible. And she wouldn't be so surprised one morning when little Peyton's cot is found empty. A completely gripping and unputdownable read that will have you turning pages deep into the night. Fans of Shari Lapena and Freida McFadden will be hooked by *What the Nanny Saw*. What everyone is saying about *What the Nanny Saw*: I COULD NOT PUT THIS BOOK DOWN.
