When Gravity Fails Marid Audran 1 George Alec Effinger:

The Readers' Advisory Guide to Genre Blends Megan M. McArdle, 2014-09-24 Genre fiction has always been a complex mixture of themes and elements. The increasing popularity of genre blends or fiction that straddles the traditional labels means greater pleasure for readers but a greater challenge for readers advisory. In this informative and entertaining book McArdle gets library staff up to speed on these engaging titles showing how such crossover fiction appeals to fanbases of multiple genres. Complete with booklists, summaries, read-alikes, and thorough indexes, this guide covers suspense, fantasy, historical fiction, horror, mystery, romance, and science fiction, as well as non-genre titles that don't neatly fit into any categories. Offers guidance for shelving, displaying, and marketing genre blends. Shows how to make the most of online discovery tools in cataloging these titles. Includes Blend MVPs, a section spotlighting several popular authors who regularly move between genres, and a useful bibliography of additional resources. Providing a unique look at how common genres are often combined, this guide will open up new worlds of fiction to readers, advisors, and those whom they serve. Other worlds and the narrative construction of otherness Esterino Adami, Francesca Bellino, Alessandro

Mengozzi, 2017-10-10 T00:00:00+02:00 The papers collected in this volume deal with the explorations of Science Fiction, Fantasy, and more generally the representation of otherness through the narrative construction of fantastic imaginary, appalling or attractive places, stories, and figures. Contributions are arranged in four main sections. The first section, Other spaces, new worlds, deals with Hindi and Arabic Science Fiction. The second section, Constructing forms of otherness, analyses the narrative and psychological mechanisms that give forms to a stereotype or archetypal image of the threatening Other. The third section, Reshaping style, language, and discourse of otherness, is centred on the idea of language as a tool to build up styles, genres, and texts, and literature as an escape from disappointing history and a cross-cultural wandering space of narrative ghosts. The fourth section, Circulating fearful otherness, tests the limits and heuristic potential of a philological approach in reconstructing the wide circulation of motifs and characters from antiquity to post-modernity. **Sleuths,**

Sidekicks and Stooges Joseph Green, Jim Finch, 1997 This reference work on British and American crime, mystery, and adventure fiction in English contains 7,000 entries listed alphabetically by detective, providing information about sleuths, their sidekicks, and their rivals. A broad definition of detective is used, encompassing Batman, Sherlock Holmes, James Bond, Nero Wolfe, and Hercule Poirot.
