Selections from Lord Macaulay, Robert Browning, George Eliot, and James Russell Lowell Thomas Babington Macaulay Baron Macaulay,1891 [German Literature as World Literature](#) Thomas Oliver Beebee,2014-07-31 This new collection investigates German literature in its international dimensions While no single volume can deal comprehensively with such a vast topic the nine contributors cover a wide historical range with a variety of approaches and authors represented Together the essays begin to adumbrate the systematic nature of the relations between German national literature and world literature as these have developed through institutions cultural networks and individual authors In the last two decades discussions of world literature literature that resonates beyond its original linguistic and cultural contexts have come increasingly to the forefront of theoretical investigations of literature One reason for the explosion of world literature theory pedagogy and methodology is the difficulty of accomplishing either world literature criticism or world literary history The capaciousness as well as the polylingual and multicultural features of world literature present formidable obstacles to its study and call for a collaborative approach that conjoins a variety of expertise To that end this collection contributes to the critical study of world literature in its textual institutional and translatorial reality while at the same time highlighting a question that has hitherto received insufficient

scholarly attention what is the relation between national and world literatures or more specifically in what senses do national literatures systematically participate in or resist world literature

The Semantics of Free Indirect Discourse Regine Eckardt, 2014-11-27 Free indirect discourse presents us with the inner world of protagonists of a story We seem to see the world through their eyes and listen to their inner thoughts The present study analyses the logic of free indirect discourse and offers a framework to represent multiple ways in which words betray the speaker's feelings and attitude The theory covers tense aspect temporal indexicals modal particles exclamatives and other expressive elements and their dependence on shifting utterance contexts It traces the subtle ways in which story texts can offer information about protagonists The study of free indirect discourse has been a topic of great interest in recent years in semantics and pragmatics In this book Regine Eckardt proposes a new theory of this domain and applies it to a wide variety of phenomena discourse particles exclamatives and mood in addition to the traditional indexical pronouns and tenses She situates this project within a larger attempt to extend the tools of semantic analysis to fiction Most formally oriented semanticists have not paid serious attention to this domain which has resulted in a major gap in semantic theory this book is thus a pioneering effort and raises many intriguing points The total result is an empirically rich and exciting work which will be a profitable read for researchers interested in semantics pragmatics and formal approaches to literature Eric McCreedy Aoyama Gakuin University
