When The Stones Were Soft East African Fireside Tales:

When the Stones Were Soft Eleanor B. Heady, 1968 Sixteen stories told by Mama Semamingi whom the village children believe must have lived when stones were soft since she knows such things as why cats live with women and how men were created with different colored skins *Raven and Crow* Ellen W. Williams, 2025-10-14 Ravens and crows both members of the Corvidae family have long captured human imagination Ornithologists have noted their problem solving capabilities but the interest extends beyond science Artists are moved to depict them while backyard bird enthusiasts delight in their antics Found around the world the raven and the crow have inspired thousands of myths legends and fairytales These stories regard corvids as powerful beings with the crow sometimes seen as a witch or a goddess in disguise and the raven portrayed as a creator trickster being The fascination with these birds spans centuries and they are represented in mythology from every corner of the planet This book explores the multi dimensional aspects of ravens and crows they are the subject of scientific research as well as ancient texts and artwork From traditional and contemporary renderings of the birds in art to the wealth of mythology about them the enigmatic nature of the birds remains a point of fascination for many Recent scientific findings have revealed a use of language problem solving skills and the ability to count positioning these birds at the intersection of science mythology and art *A Life in Storytelling* Binnie Tate Wilkin, 2014-03-25 A Life in Storytelling contains the

reflections and lessons from one of the most noted storytellers of our times Fifty years of storytelling has provided Binnie Tate Wilkin with the experiences and insights to form the basis of a text for the storyteller both for the professional librarian teacher or parent wanting to provide children with substance through story The sections of the book are designed to provide background material for the art and craft of storytelling the methods and uses of storytelling sources and examples of stories and a broad selection of over 100 stories briefly annotated Included are sections that explain how to derive or adapt stories from current events history or imaginative writings and a detailed treatment in the use of dance in storytelling a technique that if not invented by Wilkin has become a trademark of her approach The treatment is always informal and personal and is interleaved with anecdotes drawn from the author s more than 50 years of storytelling *The Best in Children's Books* Zena
