Decoding the Human Body-Field Peter H. Fraser, Harry Massey, 2008-03-20 A revolutionary system that reestablishes the proper flow of information to the body's energetic fields to promote health Presents a new integrative model of the energetic physiology of the human body the human body field and its influence on health Shows that a root cause of disease is due to information blockages in the body field Introduces Infoceuticals liquid remedies that help the human body field process vital information to engage the physical body's self healing abilities After decades of research Peter Fraser has formulated a system that unites the meridian system of traditional Chinese medicine with quantum wave theory to provide the first comprehensive link between the human body's biochemistry and bioenergetics He explains that we each have a body field based on twelve meridian like channels that process and coordinate information throughout the body and that our health depends on the proper flow and communication of information through these channels In Decoding the Human Body Field Fraser and Massey describe in detail their revolutionary Nutri Energetics System which uses Infoceuticals liquids infused with organic colloidal minerals that are imprinted with corrective quantum electrodynamic information to remedy distortions and blockages in the information flow of the body field The imprinted information acts as a magnetic signpost to engage the body's self healing ability

Creative Integrative Medicine Dr. Paul Drouin, 2014-08-19 A family tragedy the loss of his youngest brother at age eighteen from an osteosarcoma of the skull triggered Dr Drouin's interest in studying medicine Unsatisfied with the model of healing he encountered in medical school he explored many other models of medicine that eventually led him to practice what is now called integrative medicine He soon realized that for these complementary medicines to be accepted and integrated into our health care system they must be scientifically recognized and become part of the curriculum in medical schools The entire foundation of our approach to health and disease must be redefined through a deeper understanding of reality as described by quantum physics Dr

Drouins initial quest has evolved into the creation of a medical and natural medicine curriculum that embraces this new paradigm of healing and the foundation of the International Quantum University for Integrative Medicine Quantum University The cost of an incomplete model of understanding in medicine has enormous consequences in the management of chronic and mind related disease Creative integrative medicine addresses the real questions and offers a solution to the present crisis in health care Dr Paul Drouin is a true hero for writing this long overdue book Finally people are being told the truth about health healing and alternative treatments This book has sound scientific proof to empower you back to true health care instead of sick care Read and learn Joe Dispenza DC New York Times best selling author of You Are the Placebo and Evolve Your Brain What the Bleep Do We Know!?TM William Arntz,Betsy Chasse,Mark Vicente,2010-01-01 Do you want to take a trip down the rabbit hole Get ready because that s exactly what you ll do when you open this book Never before has a self help book so dramatically altered the status quo or reality for that matter With a genre busting breakthrough format and layout the graphics colors and concepts compel readers to ask themselves Great Questions that will recreate their lives as they know them With the help of 14 leading quantum physicists scientist and spiritual thinkers this book guides readers on a course from the scientific to the spiritual from the universals to the deeply personal Along the way it asks such questions as Are we seeing the world as it really is What are thoughts made of What is the relationship between our thoughts and our world Are we biologically addicted to certain emotions Can I create my ideal day every day The answer to the last question is a resounding yes you are an infinite set of possibilities and you can choose every day which reality you want to create for yourself This book shows you how Oversized hardcover Full color throughout Active page design feauturing boxes pull outs and exercises More than 50 movie stills photos and illustrations New interviews and theories More than 30 short chapters In this book a unique synergy is achieved between the interactive format full color graphics and the ability to take the complicated dense material of mysticism philosophy and quantum physics and boil it down to easy to understand practical advice What the Bleep Do We Know is the self help phenomena millions have been waiting for Key Features Forget your boring self help books This book has a different size feel and look than anything else on the shelf Uses the graphics style feel and basic structure of the phenomenal movie Short chapters will be easy to understand and digest Concise 30 step journey from the theoretic quantum physics to the personal how to create your day Practical exercises show how complex theories interact with daily life Ancient Egypt and Modern Psychotherapy Todd Hayen,2016-12-19 In Ancient Egypt and Modern Psychotherapy Todd Hayen explores what the spiritual concepts of the enigmatic ancient Egyptians can teach us about our own modern psyches and the pursuit of a meaningful life Hayen examines the ancient Egyptians possession of a concept contemporary academics have labeled consciousness of the heart an innate knowledge of the entirety of the universe While all human beings possess this consciousness of the heart our modern culture has largely lost the ability to tap into this inborn knowledge By examining the material accomplishments of ancient Egypt and how their

seemingly deeper awareness of their inner world created a harmonious outer world we can begin to understand how modern psychotherapy through a Jungian perspective could be instrumental in achieving a more profound and meaningful personal experience of life Ancient Egypt and Modern Psychotherapy will be insightful reading for analytical psychologists in practice and in training Jungian psychotherapists and psychologists and academics and students of Jungian and post Jungian studies and ancient spirituality

Matters: Modern Science Confirming Ancient Wisdom Jeanne-Rachel Salomon PhD,2019-02-13 In shamanic understanding trauma signifies soul loss To restore a person to wholeness the shaman journeys into non ordinary reality to retrieve the person s lost soul essence and restores it to the client in ordinary reality Shamans knew intuitively that existence is a product of consciousness and that soul requires body to enter physicality and body requires soul to express life Yet there is only a set amount of physical pain and mental emotional disturbance that an embodied soul can tolerate Out of self preservation a part of the soul leaves just prior to the trauma impact and retreats unharmed into non ordinary reality away from physical ordinary reality This book presents the author s unique and creative research into the millennia old shamanic healing modality of Soul Retrieval Dr Salomon found that the fundamentals of the shamanic healing method are aligned with quantum principals and that the phenomenon of soul leaving and soul returning happens on the quantum level of existence The results of her study confirm the relevance of quantum physics tenets of non locality tangled hierarchy and discontinuity inside shamanic healing Shamanism is not well understood by most people Dr Salomon has the intelligence and willingness to do the hard work to bring the validity and reliability of good science to the public Her thoroughness of a difficult subject is clear and understandable A must read for anyone interested in learning about the laws of the universe and how it affects each of us every day Jeffrey L Fannin Ph D

Kopacz, 2014-11-28 What starts as personal dissatisfaction in the workplace can become personal transformation that changes clinical practice and ultimately changes the culture of medicine Physicians and professionals train extensively to relieve suffering Yet the systems they train and practice in create suffering for both themselves and their clients through the neglect of basic human needs True healthcare reform requires addressing dehumanization in medicine by caring for the whole person of the professional and the patient *Re humanizing Medicine* provides a holistic framework to support human connection and the expression of full human being of doctors professionals and patients A clinician needs to be a whole person to treat a whole person thus the work of transformation begins with clinicians As professionals work to transform themselves this will in turn transform their clinical practices and healthcare institutions
