The Realizationist View Of Eschatology Understanding Endtimes Prophecies:

The Realizationist View of Eschatology Philip Mark Ames,2014-12-16 When the most wicked member of a tribe becomes its ruler and the most worthless member of a community becomes its leader and a man is respected through fear of the evil he may do and leadership is given to people who are unworthy of it expect the Day of Judgment The Prophet Muhammad This book is based entirely on the Holy Bible and is not a study of Islamic teaching However the above quotation seems timely and is not far from what the Bible itself says This books title has two words unfamiliar to many Realizationist and Eschatology The latter is derived from two Greek words eschatos meaning last things and logos meaning word concept or understanding So eschatology is the understanding of last things the study of endtimes prophecies found in the Bible A Realizationist approaches such a study with a divine assurance that those prophecies were written for the times in which we live a realization that the last days are unfolding right now in our own generation This unique understanding began to be revealed to only a few some 45 years ago It is now being made available to all who dare to preview the realities of the next few years

Shaping Israelite Identity through Prayers in the Book of Chronicles Kiyoun Kim,2021-11-18 What is the post exilic Israelites destiny What should they have hoped for How could they actualize their desired community This book discusses the identity of the post exilic Israelite community by focusing on the unique rhetorical impetus in the book of Chronicles Chronicles suggests a picture of the desired future Israel Yet the Chronicler does not call for a new identity creation ex nihilo from the community but calls for the restoration of the Israelites past identity by reporting the history of Israel and Judah The restoration of their past identity can be actualized when members of the community fulfill portrayed roles and characteristics in Chronicles worshipping monotheistic believing and praying and Davidic citizenship Further recorded prayer plays a crucial role as Chronicles persuades its readers to render or exhibit those roles and characteristics Prayer invites the community members to participate so that they transform past prayers into their own prayers By doing so the prayer participants perceive portrayed roles and characteristics and change their attitude By rendering and exhibiting desired roles and characteristics they eventually hope for and actualize a better community the liturgical community
