Thing Seneca,2023-06-20 How ancient Stoicism can help teach us to treat others and ourselves more fairly and mercifully There are times when we ve all felt that we haven t been treated as we deserve that we ve been misjudged shortchanged or given a raw deal And at one time or another other people have probably felt that we ve treated them just as unfairly How to Do the Right Thing draws on the principles of ancient Stoicism as articulated by the Roman statesman and philosopher Seneca to help readers better navigate one of the most important practical questions of daily life how to do right by others Starting from the virtue of magnanimity the opposite of small mindedness How to Do the Right Thing draws together lessons from Seneca s writings that stress the importance of calm and clear thinking of judging oneself fairly before judging others and of cutting people slack with a bias toward mercy all delivered in crisp and lively new translations and with the original Latin on facing pages

The Right Thing to Do Ray Corbitt,2015-01-02 Sandra Davis an employee with the federal governments Affordable Health Care Program is in a deadly catch 22 situation Keep quiet and continue to do her job or tell the truth save thousands of lives and be killed for going public Her death would be ruled a tragic case of overwork exhaustion and despair if not for the letters she sent out to 13 people Sandra has a terrible secret and now her secret is shared by several carefully selected letter holders Since the passage of the Healthcare Act the United States has changed The powers that be have too much power but nobody knows it until now Sandras letters reach their intended recipients and so begins a series of mysterious murders that stump authorities Someone with great influence is killing off everyone who received a letter from Sandra one by one Spin doctors in Washington are quick to cover up anything that might cast their operation in an unfavorable light and they are good at their jobs even when their job involves murder Still there are those willing to fight back survivors who know what theyre up against They will reveal Sandras truth at any cost in order to protect the American people despite the threat of death and dishonor

Choosing the Right Thing to Do David A. Shapiro,1999-09-01 We all want to do the right thing But determining the right thing to do isn t always easy Everytime we pick up a newspaper or turn on the TV someone tells us how we ought to behave Rarely however do we get much assistance in deciding what to do for ourselves Meanwhile technological developments and rapid social changes make the right decisions especially about the BIG issues life death sex justice and so on harder and harder to identify Choosing the Right Thing to Do responds to the growing need that people of all ages have for moral guidance without moralizing It contains a rich palette of principles and strategies stories and examples ideas and insights that offer real world help for intelligently addressing the often quite troubling choices we face every day in our personal relationships jobs and lifestyles

When Doing the Right Thing Is Impossible Lisa Tessman,2017-06-01 Suppose that in an emergency evacuation of a hospital after a flood not all of the patients can make it out alive You are the doctor faced with the choice between abandoning these patients to die alone and in pain or injecting

them with a lethal dose of drugs without consent so that they die peacefully Perhaps no one will be able to blame you whatever you decide but whichever action you choose you will remain burdened by guilt What happens in cases like this when no matter what you do you are destined for moral failure What happens when there is no available means of doing the right thing Human life is filled with such impossible moral decisions These choices and case studies that demonstrate them form the focus of Lisa Tessman's arresting and provocative work Many philosophers believe that there are simply no situations in which what you morally ought to do is something that you can't do because they think that you can't be required to do something unless it's actually in your power to do it Despite this real life presents us daily with situations in which we feel that we have failed morally even when no right action would have been possible Lisa Tessman boldly argues that sometimes we feel this way because we have encountered an impossible moral requirement Drawing on philosophy empirical psychology and evolutionary theory When Doing the Right Thing Is Impossible explores how and why human beings have constructed moral requirements to be binding even when they are impossible to fulfill

Moral Literacy, Or, How to Do the Right Thing Colin McGinn, 1992-01-01 A great resource for beginning ethics courses The book is short and yet it richly embodies the methods of ethical thinking about practical moral problems that are hard for students to learn unless they see them in action McGinn perspicuously sets

out a small set of basic principles and then attacks the problems of our treatment of animals abortion sex censorship and so on with a masterful blend of attention to real life cases and imaginary thought experiments McGinn hardly claims to have the last word on the complex issues he discusses and students will find many exciting problems and points to take up Owen Flanagan Duke University

The Man Who Did The Right Thing: A Romance Sir Harry Johnston, The little chapel had been so close and hot during the morning service that in spite of the interest Lucy Josling felt in the occasion it was the first appearance of her betrothed John Baines as a preacher in his native place and the delivery of his farewell sermon before starting for Africa she could not repress a sigh of relief as she detached herself from the perspiring throng of worshippers and stood for a few moments in the bright sunlight inhaling the perfume of distant hayfields You look a trifle pale Lucy said Mr Baines senior a stumpy red faced man with light sandy hair and a long upper lip It's precious warm I s pose you n John ll want to walk back together Well don't keep dinner waiting cos that always puts me out Now then Sarah come along it's too hot to stand gossiping about Let's get home as quick as we can Mrs Baines a gaunt thin woman with a long parchment coloured face and cold grey eyes looked indignantly at her husband when he talked of gossiping but said nothing took his arm and walked away Lucy put up her parasol and leant against the ugly iron railings which interposed between the dusty chapel windows and the pavement The congregation had not all dispersed Two or three awkward looking young men were standing in a group in the roadway and while pretending to carry on a jesting conversation amongst themselves were casting sheepish looks at Lucy who was deemed a beauty for ten miles round They evidently alluded to her in the witticisms they exchanged so that she had to restrict her angle of vision in case her eyes met theirs when she wished to ignore their offensive existence Mrs Garrett the grocer's wife who had been inquiring from Miss Simons the little lame dressmaker why were village dressmakers of that period in life and in fiction nearly always lame how her married sister progressed after a confinement walked up to Lucy and said Well Miss Josling and how d you like the idea of parting with your

The Right Thing to Do P. Aarne Vesilind,2006 **Doing the Right Thing** Scott Rae,2013-11-26 According to author Scott B Rae in *Doing the Right Thing* our culture is in an ethical mess because we ve neglected moral training and education This book proposes that there is such a thing as moral truth that it can be known and that it can be put into practice Looking specifically at the areas of medicine the marketplace public life education and the family Rae shows how foundational ethical principles can guide you in making moral day to day decisions Informed by Scripture and calling for a renewed understanding of the importance of the Christian faith in moral training *Doing the Right Thing* issues a call for cultivated virtue that can bring about both better lives and a better society You will find yourself examining the ways in which ethical and character issues relate to your life As a result you will be better equipped to promote virtue in your own spheres of influence and the culture at large *Ethics or the Right Thing?* Sylvia Tidey,2022-07-08 A sympathetic examination of the failure of anti corruption efforts in contemporary Indonesia Combining ethnographic fieldwork in the city of Kupang with an acute historical sensibility Sylvia Tidey shows how good governance initiatives paradoxically perpetuate civil service corruption while also facilitating the emergence of new forms of it Importing critical insights from the anthropology of ethics to the burgeoning anthropology of corruption Tidey exposes enduring developmentalist fallacies that treat corruption as endemic to non Western subjects In practice it is often indistinguishable from the ethics of care and exchange as Indonesian civil servants make worthwhile lives for themselves and their families This book will be a vital text for anthropologists and other social scientists particularly scholars of global studies development studies and Southeast Asia **Doing the Right Thing** Dewitt Jones,2023-04-05 *Doing the Right Thing Sometimes Difficult But Always Correct* contains fourteen scenarios and solutions The scenarios are real life situations the author had to deal with as a principal and superintendent *Doing the right thing* is sometimes challenging but always correct Each unique scenario is followed by questions that the reader or small groups should consider in a college university graduate leadership course These challenging scenarios will require

discussions that will differ among each group member or individual and be shared by each group or individual The solution section describes what the author did with each scenario and identifies the applicable Professional Standards for Educational Leaders for that scenario In the author s nine years of teaching at the University of Northern Iowa coordinating the superintendent preparation program and teaching in the principal s licensure program he found that just teaching theory and concepts needed to be combined with real world experiences to mean something to future leaders
