Fearing the story was indecent the magazine's editor deleted roughly five hundred words before publication without Wilde's knowledge. Despite that censorship, *The Picture of Dorian Gray* offended the moral sensibilities of British book reviewers, some of whom said that Oscar Wilde merited prosecution for violating the laws guarding public morality. In response, Wilde aggressively defended his novel and art in correspondence with the British press, although he personally made excisions of some of the most controversial material when revising and lengthening the story for book publication the following year.

Wilde, 2021-03-13. Dorian Gray meets Lord Henry Wotton at the studio of Basil Hallward, who is using Dorian as a model for his latest painting. Lord Henry tells Dorian about his epicurean views on life and convinces him of the value of beauty above all other things. The young and impressionable Dorian is greatly moved by Lord Henry's words. When Basil shows them the newly completed painting, Dorian is flooded with awe at the sight of his own image and is overwhelmed by his fear that his youth and beauty will fade. He becomes jealous that the picture will be beautiful forever while he is destined to wither and age. He passionately wishes that it could be the other way around. Lord Henry is fascinated with Dorian's innocence as much as Dorian is impressed by Henry's cynically sensual outlook on life. They become fast friends to Basil's dismay. He fears that Henry will be a corrupting influence on the young innocent Dorian, whom he adores.
