The exterior form of North America Alexis de Tocqueville,1841 **DAWN OF DOOMSDAY** Ronald C. Beach/Lee W. Pitts,2011-12-08 How did this happen What about the detail assigned to watch Elaine and the girls These thoughts raced through the President of the United States Jerald Mortensen s mind as he anguished over the tape he had just recently received This tape turns out to be the impetus that brings Reggie Nutsbagh and Toby Preston Private Detectives into this complex problem They had come to the attention of the President and his Chief of Staff Garrett Farmer when their courageous exploits across the European Continent were revealed to them by the German and French governments These two detectives one from Las Vegas Nevada and the other from Bremerton Washington became involved in a desperate dash across Europe Book 3 The Dawn over Europe to deny a terrorists group access to the dreaded anthrax virus and an antidote to the virus developed by three sons of very rich parents Although from foreign countries they were attending a prestigious university in the United States and during their studies had developed both the virus and an antidote They work was discovered by a group of men wanting to use the virus to cripple the United States and its allies Nothing about this mission or the persons responsible for the favorable results in denying terrorist this deadly virus could be announced or disclosed the public so they were honored in private with a few of our nation s high ranking government officials present including the President and his Chief of Staff Now the Chief of Staff Garrett Farmer without getting a blessing from his boss the President called for the two detectives to return to the Washington DC to assist the President this serious matter When told what Garrett has done the President responds How can they do anything when even the Secret Service can t find a clue We have less than forty hours before the kidnappers make their demands It would take hours just to get them here Actually my old friend they are on their way here now They should be landing at Andrews very shortly I told them only that the President had need of their services The two detectives had not too long ago returned from a long and dangerous mission in Europe

involving the anthrax virus now and were just settling in with their families now they were called back to our nation's capital and would find themselves embroiled in another mystery involving the kidnapping of the President's family This kidnapping would turn into something more serious and along the way personal problems surface when Reggie's wife Brandy dies in child birth leaving him with a new born daughter His partner Toby Preston thinking about a single father trying to raise a daughter invites a young lady Monika who became enamored with Reggie during their escapades in Europe to come to the United States and help Reggie with his new born daughter But there is a catch to this invitation which will further complicate an already complex situation These personal problems boil over in both households and could sideline this investigation before it gets started But duty to country comes first so pushing these personal problems aside the two detectives dive into the President's dilemma and using the skills they have developed over the years of operating together in an attempt to solve the kidnapping of his family This kidnapping becomes even more and our two detectives receive another invitation to talk to the President on a more serious matter the theft of Nuclear Devices from a Submarine Base in the State of Washington This situation becomes a race against time as our two detectives are taxed to the maximum as time and the threat of a Nuclear detonation in a large populated area creates an added dimension of fear Using the full complement of personnel from their Broken Dreams Detective Agency they dive into the dangerous situation one that takes the *English Mechanic and Mirror of Science and Art*, 1919 The Walnut Grove Glacier Wars Peter Gerhard, 2010 Being a pagan in a small town west of the Mississippi is not easy Calvin Pfeiffer a German immigrant working for the University of Iowa has chosen the rural life in Walnut Grove as a place to settle down and start a family Except for the local group of fundamentalist Christians Lyle Anderson in particular Calvin has decided that Walnut Grove really is not a bad place to live When Megan rides her bike up his road and stops to chat Calvin realizes she is the woman of his dreams As Calvin and Megan fall in love a group of local fundamentalists headed by Lyle an influential conservative who has a reputation for ruining the lives of those who dare to cross him gathers steam about the issue of the local school curriculum most notably against the idea that glaciers formed the Iowa landscape It is not long before the fundamentalists accuse Calvin of not living up to community standards and they argue that the school curriculum promotes promiscuity and homosexuality While Calvin forges alliances to defeat their antiquated ideas business school graduates who happen to be gay move to town and assist the town in recovering from economic hardship An all out war begins and culminates in a virulent school board meeting that will determine the outcome for this quaint town embroiled in controversy The Stones of Summer Dow Mossman, 2003 Episodic coming of age saga *Women Crime Writers: Four Suspense Novels of the 1940s (LOA #268)* Sarah Weinman, 2015-09-01 A landmark collection of four brilliant novels by the female pioneers of crime fiction women who paved the way for Gillian Flynn Tana French and Lisa Scottoline Though women crime and suspense writers dominate today's bestseller lists the extraordinary work of their mid century predecessors is largely unknown Turning from the mean streets of the hardboiled school these
