International and EU Law Francesca Ippolito, 2022-11-07 This book is dedicated to a topic which has for a long time lacked the attention it deserves within the academic world It intends to address in a coherent and comprehensive manner the problem of the environmental rights of the child which are not identical to the ones of adults whose environmental rights have been appraised from a general point of view In the absence of any international law instrument explicitly granting a child the right to a clean environment drawing on an extensive and original analysis of the UN Convention on the Rights of the Child and the practice of its monitoring body this book undertakes an assessment of the extent to which these challenges may be overcome through a greater engagement between international law on the rights of the child and international environmental law The result is the first comprehensive study on the manner in which these two mutually reinforcing legal regimes can interact to strengthen the protection of children's environmental human rights at stake in the increased strategic environmental and climate litigations at both the national and international level The book is recommended reading for amongst others policy makers international environmental lawyers and human rights lawyers and practitioners Additionally lecturers students and researchers from a range of disciplines will also gain from seeing how new legal scholarship and intertwined branches of international law contribute to the continual development of the living rights of the human rights conventions Francesca Ippolito is Associate Professor of International Law in the Department of Political and Social Science of the University of Cagliari Italy She holds the Jean Monnet Chair on European Climate of Change REACT for 2021-2024

Endkampf Stephen G. Fritz, 2004-10-08 This thoroughly researched and superbly written study examines the final days of WWII combat within Germany during the occupation of Franconia WWII History At the end of World War II Gen Dwight D Eisenhower turned US forces toward the Franconian region of Germany ordering them to cut off and destroy German units before they could escape into the Alps Opposing this advance were German forces headed by SS Gruppenführer Max Simon a committed National Socialist who advocated merciless resistance Caught in the middle were the people of Franconia Historians have largely overlooked this period of violence and terror but it provides insight into the chaotic nature of life while the Nazi regime was crumbling Neither German civilians nor foreign refugees acted simply as passive victims caught between two fronts Throughout the region people pressured local authorities to end the senseless resistance Others sought revenge for their tribulations in the liberation that followed Stephen G Fritz examines the predicament and perspective of American GI's German soldiers and officials and the civilian population Endkampf is a gripping portrait of the collapse of a society and how it affected those involved whether they were soldiers or civilians victors or vanquished perpetrators or victims

Participation and Democratic Innovation under International Human Rights Law Nicholas McMurtry, 2023-04-28 This book explores the human rights principle of participation and the human right to participation The work presents an argument that international human rights law imposes obligations to enable participation and demonstrates that it has been interpreted in this way by authoritative bodies Divided into four parts Part I provides the historical and

theoretical background Part II presents the argument that a right to participation and a human rights principle of participation exist in international law and Part III argues that human rights law and the way it has been interpreted can provide a coherent account of the content of such a right and principle The conclusions of the book and their implications are explored in Part IV While there have been several studies of specific forms of participation such as collective bargaining this study provides a coherent account of the meaning and application of participation in international human rights law as a whole The book will be an invaluable resource for academics researchers and policy makers working in the area of international human rights law

International Child Law Trevor Buck,2020-09-10 International Child Law examines the international laws for children at both a global and a regional level In particular the UN Convention on the Rights of the Child is described and critically assessed while at the regional level the child in Europe is examined and how far the ECHR is engaged as a vehicle to progress childrens rights Other key issues increasing regulated by international child law are spotlighted child labour child abduction and inter country adoption This book provides the reader with a sound understanding of the international law framework and issues relating to children and is a useful resource to those undertaking advanced study and or research in this area

Safeguarding Intangible Cultural Heritage Janet Blake,2023-11-03 This book presents a detailed analysis of the different approaches and measures for implementing the requirements of UNESCO s 2003 Convention on Safeguarding Intangible Cultural Heritage the Convention and a practical interpretation of that treaty based on the experience of States Parties and other primary actors The book considers the interests of multiple stakeholders and takes account of how the Convention interacts with other international law regimes pertaining to both human rights and sustainable development

Caribbean Anti-Trafficking Law and Practice Jason Haynes,2019-07-11 This monograph investigates the International European and Commonwealth Caribbean approaches to human trafficking from an Analytical Eclectic perspective It presents a compelling empirically based argument that although there is currently a panoply of measures aimed at preventing human trafficking prosecuting offenders and protecting trafficked victims in both

Europe and the Commonwealth Caribbean these measures have in practice been fraught with a number of challenges whether of a normative institutional or individual nature The continued existence of these challenges strongly suggests that there exists a disconnect between anti trafficking law and practice which is not peculiar to small island developing States since they also extend to developed States including the United Kingdom Although these challenges are not insurmountable this monograph advances the argument that sustained social economic political and legal commitments are both necessary and desirable and that without such commitments only pyrrhic victories would be won in the fight to eradicate the scourge of the twenty first century Given the importance of the issue of human trafficking and its inescapable impact on victims families communities nations regions and the international community as a whole this monograph will serve as an important resource for policy makers scholars students and practitioners actively working in this increasingly dynamic area of law

The Interdependence of the Convention on the Rights of the Child Naomi Lott,2025-07-01 The book critically engages with the right to play and other Convention rights to explore their interdependence and interconnectivity The book brings together experts across various children s rights topics and invites them to consider the intersections of their work with the child s right to play It furthers the understanding and implementation of the right to play as this novel area of research develops The book demonstrates both the interdependence of the rights within the Convention and the unique and critical role of the right to play in achieving the aims of the Convention and the rights therein It also extends the theoretical methodological and critical scope of the discipline by considering children s rights in this interdependent manner The contributions to this edited collection explore the role of the right to play in meeting obligations pertaining to the digital environment identity rights education climate change and environmental health refugees girls rights social protection healthcare and disability and vice versa By drawing together original and creative approaches to a number of pressing social questions and issues relating to human rights this book has tangible application for developing both the content of the right to play and the potentials of this right for the wider child rights project Furthermore this book is pioneering in the field of children s rights in two key ways Not only does it serve to contribute to filling a significant gap in the literature on the right to play but it also stands as a crucial example of interdisciplinary legal research Such an approach is critical for the field of children s rights due to the nature of childhood and the multidisciplinary relevance of children s rights and children s issues This book thus serves as an example to push the field to be more contextual and interdisciplinary
