Anne Lund, 2012-07-30 ABOUT THE BOOK As we root around in our pockets or purses for change and crumpled dollars to buy a pack of gum a paper or cup of coffee it is hard to fathom that 3 billion of the world's population lives on less than 2 per day In the US poverty has also increased dramatically with the economic downturn with 1 in 7 Americans now on food stamps and nearly half live from paycheck to paycheck one financial disaster away from insolvency There is a growing rift between the comfortable and the struggling and extreme poverty in the US is increasing And there is no question that many are trying to address this issue Cornel West and Tavis Smiley have recently finished a national poverty tour the Occupy Wall Street movement has called attention to income disparity and the struggling the UN is working on it's End Poverty 2015 initiative and countless think tanks and organizations are concentrating on the issue with varying degrees of success

EXCERPT FROM THE BOOK Soon however he heard the sound of voices raised in a familiar hymn and he was drawn into a humble open air church While there he listened to the parishioners pray directly to God for immediate needs cures for ailments help with hunger and shelter He realized that these people in their prayers had a deeper relationship with God than he did with all of his advantages The poor are also often caught in situations beyond their control War famine hopeless economic conditions and political oppression can trap them in situations The authors believe these feelings of hopelessness cannot be overcome without a strong spiritual base Chapter 3 Are We There Yet The chapter begins with the case of Alisa Collins a single mother with 5 children living in a Chicago housing project Alis felt trapped she wanted a job but she was a high school drop out When she did find a job her benefits were cut and she had to worry about the expenses of childcare She felt trapped and hopeless How can a Church help someone like Alisa Fikkert and Corbett write that in order help a person like Alisa first fix relationships with God Poverty is rooted in broken relationships so the solution to poverty is rooted in the power of Jesus death and resurrection to put all things into right relationship again Buy the book to continue reading Follow hyperink on Twitter Visit us at www.facebook.com/hyperink Go to www.hyperink.com to join our newsletter and get awesome freebies

Without Hurting the Poor and Yourself About the Book About the Authors Overview Appendix and much more **The Enabler: When Helping Hurts the Ones You Love** Angelyn Miller, 2016-11-29 Co dependency of which enabling is a major element can and does exist in families where there is no chemical dependency Angelyn Miller's own experience is a dramatic example neither she nor her husband drank yet her family was floundering in that same dynamic In spite of her best efforts to fix everything and everyone the turmoil continued until she discovered that helping wasn't helping Miller recounts how she learned to alter the way she responded to family crises and general neediness forever breaking the cycle of co dependency Offering insights practical techniques and hope she shows us how we can transform enabling relationships into healthy ones *When Helping Works* Michael Bamwesigye Badriaki, 2017-05-03 Today people from various parts of the world who are interested in helping fellow human beings impacted by famine epidemics wars and poverty are uniquely positioned They are interconnected due to globalization's impact which also has implications for intercultural work and global missions The ability to help people is a constructive asset which calls for the need to build friendships and partnerships across the globe Helping well depends on a number of factors yet this book looks into the impact of stereotype threat and its effects on intercultural identities the perceptions of others and performance in intercultural missions Human interactions continue to suffer due to fears anxious reactions about confirming negative stereotypes about a person's identity abilities and effectiveness in global missions Stereotype threat happens when caricatures and negative understandings about people's identities are invoked Sculptor Spirit Leopoldo A. Sánchez M., 2019-02-05 Like the work of an artist who molds a lump of clay the Spirit's sanctifying work lies in shaping people into the image of Christ Avoiding either a Spirit only or a Spirit void theology Leopoldo Sánchez carefully crafts a Spirit Christology which considers the role of God's Spirit in the life and mission of Jesus and leads to five distinct models of sanctification that can help Christians discern how the Spirit is at work in our lives WHEN HELPING HURTS ANDREW. D. WISE, 2022 *From Dependence to Dignity* Brian Fikkert, Russell Mask, 2015-05-12 The church of Jesus Christ finds itself at a very unique moment in history The average Christian living in the economically advanced countries enjoys a level of prosperity that has been unimaginable for most of human history At the same time over 2.5 billion people in the Majority World Africa Asia and Latin America live on less than 2 per day with many of these people being Christians Ironically it is amongst the least of these in the Global South that the global church is experiencing the most rapid growth All of this raises profound challenges to the global church How can churches and missionaries in the Majority World effectively address the devastating poverty both inside their congregations and just outside their doors How can churches in the economically advanced countries effectively partner with Global South churches in this process The very integrity of the global church's testimony is at stake for where God's people reside there should be no poverty Deuteronomy 15:4 Acts 4:34 For the past several decades microfinance MF and microenterprise development MED have been the leading approaches to poverty alleviation MF MED is a set of interventions that allow

households to better manage their finances and start small businesses From remote churches in rural Africa to the short term missions programs of mega churches in the United States churches and missionaries have taken the plunge into MF MED trying to emulate the apparent success of large scale relief and development organizations Unfortunately most churches and missionaries find this to be far more difficult than they had imagined Repayment rates on loans are low and churches typically end up with struggling programs that require ongoing financial subsidies Everybody gets hurt in the process donors relief and development agencies churches and missionaries and most importantly the poor people themselves This book explains the basic principles for successfully utilizing microfinance in ministry Drawing on best practice research and their own pioneering work with the Chalmers Center Brian Fikkert and Russell Mask chart a path for churches and missionaries to pursue a path that minimizes the risks of harm relies on local resources and enables missionaries and churches to minister in powerful ways to the spiritual and economic needs of some of the poorest people on the planet The insights of microfinance can play a tremendous role in helping to stabilize poor households removing them from the brink of disaster and enabling them to make the changes that are conducive to long term progress Moreover when combined with evangelism and discipleship a church centered microfinance program can be a powerful tool for holistic ministry one that is empowering for the poor and devoid of the dependencies plaguing most relationships between churches in economically advanced countries and churches in poor nations

Stewards Not Owners

Bill Wichterman, Dana Wichterman, 2025-03-11 The book Stewards Not Owners goes beyond beyond the traditional Christian concept of tithing giving 10% of our income to encourage readers to consider a new paradigm that everything our time talents treasures relationships belong to the Lord but they are still ours for us to use with joy and creativity Stewardship is a word we don't hear very often until our church needs to build a new building But does Scripture say more about stewardship than that Is there more to managing our money for God's kingdom than we realize In Stewards Not Owners Dana and Bill Wichterman challenge conventional views on wealth and giving encouraging Christ followers to put all their financial muscles to work for the Lord Rather than focusing on simply giving away 10 percent of their income Dana and Bill challenge readers to activate 100 percent of their wealth and wealth creating potential for kingdom goals The Wichtermans also reveal How to incorporate your faith into your financial decisions Why God calls us to save while cautioning us against hoarding The need for financial openness and transparency in our faith communities How faithful Christians are inadvertently funding companies and initiatives that actively work against biblical values How to creatively use your charitable giving to build Christ centered businesses Strategies for aligning your personal wealth building goals with your heavenly calling to expand God's kingdom Drawing on years of personal research relationships and experience Dana and Bill also share the inspiring stories of twenty four individuals who have fully embraced a lifestyle of radical stewardship Surrendering all your finances to God doesn't have to mean living a dull joyless ascetic life As you'll discover in Stewards Not Owners you can enjoy God's financial blessings while still using them to expand His kingdom and lead a life of true abundance and eternal significance
