WHEN SILENCE BECOMES TOO LOUD Chidera Okolie, 2015-01-01 Philip believed he was unsurpassed at what he does He had worked hard and wasn't going to let himself feel otherwise But something about the Mbanugo murders made him qualm Just when he thinks he has the murderer a lacuna appears to smash all to smithereens He had heard of them that didn't bother him He was after all the best Maybe just maybe he underestimated them Philip had in his hands the deadly breed A SMOOTH OPERATOR

When God Came Over Ricky Firman, 2025-06-20 What happens if God visits an atheist Not with lightning Not with commandments Just awkward conversation In this irreverent soul poking novel an exhausted writer who stopped believing in anything except maybe coffee and quiet despair gets an unexpected visitor God No robe No glowing beard No booming voice Just unsolicited divine company at inconvenient hours As the visits pile up like cosmic therapy sessions gone rogue they spar over grief morality silence and the absurd idea that the universe has a plan The writer wants closure God wants conversation Neither gets what they came for but neither walks away unchanged Darkly funny and quietly devastating this isn't a story about finding religion It's about what's left when you've stopped looking and God still shows up anyway

The Silent Symphony Jasper Quinn, 2025-06-24 The Silent Symphony is a haunting emotionally rich novel that explores the echoes of trauma the power of silence and the mysterious legacy of music left behind When Elara Vale a reclusive and gifted violinist is found dead in her home she leaves behind an unfinished composition titled The Silent Symphony a work as enigmatic as the life she led Her estranged brother Arin returns to their hometown after a decade of silence drawn by grief and a growing sense of unease What begins as a farewell quickly becomes an unraveling In the attic of their crumbling family estate Arin stumbles upon Elara's journals and cryptic letters each whispering of secrets long buried and a final composition that defies comprehension As Arin digs deeper he meets Maestro

Leontis Elara's former mentor whose sudden appearance sparks suspicion and Selene a blind sound therapist who claims she can hear emotions trapped in silence Together they begin to decipher Elara's final work one that contains no sound only strange annotations and emotional markings The deeper Arin delves the more dissonant memories from their childhood rise to the surface memories that he had long suppressed and Elara had tried to translate into her music Hidden rooms unreleased recordings and a community of artists and mentors all seem to be part of a veiled network of lies each person holding a note of truth in a score composed of secrets As Arin and Selene attempt to recreate the Silent Symphony they discover that it is not a composition meant to be played but one meant to be felt Each annotation resonates with buried pain and love eventually leading to the revelation of an anonymous threat that forced Elara to cancel what would have been the most important performance of her life
