When The Doves Disappeared English Edition:

When the Doves Disappeared Sofi Oksanen, 2015-02-10 From the acclaimed author of *Purge* a stirring and humane work of art The New Republic comes a riveting chillingly relevant new novel of occupation resistance and collaboration in Eastern Europe 1941 In Communist ruled war ravaged Estonia two men are fleeing from the Red Army Roland a fiercely principled freedom fighter and his slippery cousin Edgar When the Germans arrive Roland goes into hiding Edgar abandons his unhappy wife Juudit and takes on a new identity as a loyal supporter of the Nazi regime 1963 Estonia is again under Communist control independence even further out of reach behind the Iron Curtain Edgar is now a Soviet apparatchik desperate to hide the secrets of his past life and stay close to those in power But his fate remains entangled with Roland's and with Juudit who may hold the key to uncovering the truth Great acts of deception and heroism collide in this masterful story of surveillance passion and betrayal as Sofi Oksanen brings to life the frailty and the resilience of humanity under the shadow of tyranny This eBook edition includes a Reading Group Guide *Out of the USSR* Eva Hausbacher, Viola

Parente-Čapková, Arja Rosenholm, Marja Anneli Sorvari, 2025-08-04 This book examines how women authors recall their own and their families past lives after having emigrated from the Soviet Union in the 1990s and how they reflect on their new country of residence be it Germany Austria Israel USA or Finland among others The chapters connect migration memory and gender studies to analyse literary presentations created by these travelling women The aim of the book is to pay attention both to women's contribution to cultural transfer and to the mobility of memories for the first time it brings women's narratives as a form and tool to work through both individual and collective traumas to the forefront remedying a long standing omission in Russian and post Soviet migration history At the same time the volume looks at travelling memories and cultural traumas from a gendered perspective what happens when the recollections of women's traumatic experiences of Soviet history travel through time and space As this volume argues narratives by women who left the Soviet Union often call into question official accounts of Soviet history and rewrite them in a way that makes room for gendered lived experience

The Journey of Grant Parker H.J. Query,2020-11-16 This historical novel is set between 1806 and 1810 Lewis and Clark have just returned from their famous expedition School teacher Grant Parker sets out on his own for a short trip to retrace part of the path that Lewis and Clark made But what Grant thought would be a short trip turns into an action filled adventure when he encounters many dangers along the way including Indians wolves bears kidnappers and possibly the most dangerous of all love While this fiction book is filled with historic and scientific facts the reader is drawn into the action right away and carried with Grant throughout his many adventures The Marpingen Apparatus. From Authentic German Sources Charles Kemen,1877 **Some Observations of the Human Kind** Sheer Ramjohn,2014-09-15 By writing this book it was my intention to present anecdotal events occurring on a daily basis which play a role in shaping our world Ideas and scenarios presented may be well known and expounded to us many times by different authors Hopefully Some Observations of the Human Kind is a useful reference for the reader that merges so many of these important ideas into one tidy little book of wisdom Referring to actual examples I have shown that the world in which we live can be shaped by our own destiny and personality We are individuals with our very own character unique in this sense With no one else being the same our own special brand of uniqueness can be brought to the fore creating and contributing to humanity and society as a whole What we are internally and what we do outwardly may be two different things By this I mean that what we do is greatly influenced by the way we have been weaned from birth and most of us do almost exactly the same as our parents taught us Our parents may or may not have been correct in fact they themselves most likely carried on as their parents taught them This is not intended to diminish the lessons offered by parents who have our best interest at heart Instead this book has stressed the importance of you as an individual The trick is realizing this and making the necessary changes in your life **An Universal History** ,1760 **An Universal History From The Earliest Account of Time** ,1748
