Where Are The Customers Yachts:

Where are the Customers' Yachts Robert Ferguson, 2018 In 1940 Fred Schwed Jr wrote a book about investing called Where Are the Customers Yachts The book begins with the following lines Once in the dear dead days beyond recall an out of town visitor was being shown the wonders of the New York financial district When the party arrived at the Battery one of his guides indicated some handsome ships riding at anchor He said Look those are the bankers and brokers yachts Where are the customers yachts asked the naive visitor The theory presented here explains why the customers yachts were not more conspicuous when Fred Schwed wrote his famous book and why they probably won't be in the future It also shows why bankers brokers or anyone else perceived as having valuable information will just naturally attract money **Where are the Customers' Yachts? Or, A Good Hard Look at Wall Street** Fred Schwed, 1985 One of the most amusing and penetrating views of Wall Street ever written Enlightening and hilarious packed with brilliantly funny anecdotes and astute observations on Wall Street and its players The title derives from the naive comment of a New York tourist who when shown the East River was told there are the great Wall Street brokers Yachts Where are the Customers' Yachts?
