From Atheism to Faith Paul Duncan,2008-06-06 This true story begins with a path taken by a man who had no direction no

dreams and dark visions of the future His outlook on life and faith soon changed after he had taken a solo journey halfway across the country Then he begins to search for God and finds Him but he still struggles with his dark thoughts and denial of the Bible A close friend tries to help him figure out deep spiritual secrets that he had uncovered and together they decipher the meanings of the visions Because of his denial of the Bible their friendship is often put to the test *Living Greyhawk Gazetteer* Erik Mona,2000 Fox Elvensword and the Sword of Bhaal George Allen Butler II,2014-08-18 Bhaal sat on his most prized possession a golden and ivory throne bought with the money he had earned during the adventures of his youth It rose up from the floor like the stump of a once magnificent tree Two huge armrests flanked each side of the seat fanning out at the top to end in a smooth flat surface Gold etched with runes spiraled and swirled through the structure everywhere The sides were as the bark of a tree rippled and pitted as if worn by time and water damage The back reached up high enough to support his slender shoulders and bent back into a curl like the edge of aged parchment Bhaal however was in stark contrast to the throne His once statuesque body had wasted away He was nothing more than skin and bones The stench of his breath was that of a carcass The dark black orbs that were his eyes stared straight ahead from his skull into the hallway before him He had the look of someone seeing into eternity A tarnished bronze crown sat on filthy dusty black hair His tunic had rotted away to nothing more than tatters A rusted shirt of chain mail rested upon it torn away at the waist His leather breeches had dry rotted away from the knees down A rusted chain skirt covered his thighs Its links were broken and jagged at the seams High top plate boots rusted from years of neglect covered his feet The heavy coating of dust upon him told those who looked at him that he had not moved in years It was hard to tell that Bhaal was still alive but alive he was He had somehow managed to live far beyond his own time existing without eating or moving The physicians had given up long ago on trying to figure out what it was that kept him so Theologians had inspected him Philosophers debated his refusal to die in his present state In truth he had not spoken in twenty years even though the wilderness and upstart usurpers carved away at his vast empire until all he still owned was the small town of Nineveh that rested at the base of his small keep And then there was the sword An elegant bronze and Damascus steel broadsword reaching up from the base of the throne to the palm of Bhaal s hand Its point made a gouge in the floor Red rubies adorned the hilt and pommel and even through years of non use the whole sword was immaculately polished and clean It was the sword that had carved out Bhaal s once mighty empire and thousands of legends were attributed to the revered artifact Forged from pure dark iron found only on the plains of the Abyss it was rumored to have dispatched more than one daemon from existence **Nuri's Quest: Vexed** Phoenix Raven,2016-03-17

The Warcraft Civilization William Sims Bainbridge,2012-09-21 A FASCINATING DEEP DIVE FOR FANS OF WoW Exploring the popular online role playing game World of Warcraft as a virtual prototype of the real human future World of Warcraft is more than a game There is no ultimate goal no winning hand no princess to be rescued WoW is an immersive virtual world in which characters must cope in a dangerous environment assume identities struggle to understand and

communicate learn to use technology and compete for dwindling resources Beyond the fantasy and science fiction details as many have noted it s not entirely unlike today s world In *The Warcraft Civilization* sociologist William Sims Bainbridge goes further arguing that WoW can be seen not only as an allegory of today but also as a virtual prototype of tomorrow of a real human future in which tribe like groups will engage in combat over declining natural resources build temporary alliances on the basis of mutual self interest and seek a set of values that transcend the need for war What makes WoW an especially good place to look for insights about Western civilization Bainbridge says is that it bridges past and future It is founded on Western cultural tradition yet aimed toward the virtual worlds we could create in times to come
