Daily Graphic Ransford Tetteh, 2014-09-09 *Proceedings of the 4th International Conference on Culture, Design and Social Development (CDSD 2024)* Mohd Fauzi Sedon, Yi Ji, Dedong Zheng, 2025-03-17 This is an open access book. Culture is the spiritual activity and product of human society relative to economy and politics. The traditional concept of human beings believes that culture is a social phenomenon, a product created by human beings for a long time and at the same time a historical phenomenon which is the accumulation of human society and history. The technical, economical and cultural nature of art design determines that only with high social and economic development can art and culture flourish. Art design is the product of the combination of art and technology. Art design is also a kind of productivity which promotes the development of social economy. As a driving factor for social and economic development, design art will also better serve the social economy with its own more perfect operating system. The purpose of CDSD 2024 is to provide an international platform for experts, scholars, engineers and technicians and technical R & D personnel engaged in related fields such as culture, design and social development to share scientific research results, broaden research ideas, collide with new ideas and strengthen academic research and to explore the key challenges and research directions faced by the development of this field and promote the industrialization cooperation of academic achievements. Experts, scholars, business people and other relevant personnel from universities and research institutions at home and abroad are cordially invited to attend and exchange.

The United Nations World Water Development Report UNESCO World Water Assessment Programme, 2023-03-23 This publication describes how building partnerships and enhancing cooperation across every dimension of sustainable development are essential components to accelerating progress towards realizing the human rights to water and sanitation. Partnerships and cooperation take place in almost any water-related endeavour and water resources management has a long

history of experience with partnerships both good and bad This report reviews this experience highlighting how enhancing positive and meaningful cooperation amongst the water sanitation and broader development communities is required to accelerate progress Harmony Anton Hoffmann,2024-11-27 Why can't we just get along This question has plagued mankind throughout the ages especially as it relates to the relationships and roles of men and women The Christian church has given us the answer from Genesis 3 where humankind goes into the god business for themselves where the power struggle between the sexes originates Instead let's ask What would it take for us to get along and the church's usual interpretation of New Testament passages that address it has not brought peace between men and women in the church or society at large This book presents a new answer based on Genesis 1 where the original intention of the Triune Godhead was to create human beings that reflect the harmonious relationships within the Trinity The relevant biblical passages are interpreted through this new lens Christ restores the relationship between God and humankind and that includes His intended relationship between men and women Discover gender Harmony in Christ for yourself Proceedings of the Fifth Sriwijaya University Learning and Education International Conference (SULE-IC 2022) Meilinda, Jeri Araiku, Saparini, Meryansumayeka, Erika Kurniadi, Weni Dwi Pratiwi, Dedi Kurniawan, Dian Eka Amrina, Muhammad Akbar Budiman, 2023-03-07 This is an open access book The 5th Sriwijaya University Learning and Education International Conference 5th SULE IC 2022 was held on October 5 2022 in Palembang South Sumatera Indonesia Palembang is a historic city located on the island of Sumatera It was the capital of the Empire of Sriwijaya During the glory of the Empire it was one of the major learning centers in Asia To continue the legacy of the Empire's spirit of learning the conference will once more be the gathering for academicians and professionals from education and related fields all over the world to share ideas and innovations The main goal of the 2022 SULE IC is to provide an opportunity for academicians and professionals from various education related fields from all over the world to come together and learn from each other Furthermore the additional goal is to provide a place for academicians and professionals with disciplinary interests related to education to meet and interact with members inside and outside their own particular disciplines **International Partnerships for Strengthening Health Care Workforce Capacity: Models of Collaborative Education** Jeanne Mahoney Leffers, Jennifer Gail Audette, Kevin S. Hardwick, William Van Cleve, 2018-07-31 A critical problem in resource scarce countries across the globe is the shortage of appropriately trained health care providers According to the World Health Organization the current global health workforce shortage of 7.2 million providers is estimated to increase to 12.9 million by 2035 This disproportionately affects resource scarce countries denying basic health care to millions and limiting access to life saving treatments Due to limited resources in these countries not enough health professionals receive training few have the opportunity for continuing education and the ability to develop or implement educational programs and curricula is constrained Additionally many existing providers choose to emigrate in pursuit of professional advancement opportunities contributing to the overall

shortage of qualified health care providers in these environments Efforts to strengthen health workforce capacity not only increases access safety and availability of care but is critical to building resilient health systems capable of caring for the world s neediest populations This requires not only cultivating new health care providers but also providing ongoing professional development to retain and support current providers advancing the level of practice in accordance with current clinical science cultivating educators and enhancing training curricula It is critical also to contribute to the limited body of research documenting the effectiveness and impact of various models of collaborative education and partnership to improve health worker training and retention This Research Topic examines strategies for building health workforce capacity through the prism of educational partnerships offering significant examples of effective models of international collaborative education as well as insight and guidance on the structure and operation of successful global partnerships Collectively the 31 articles accepted and included in this eBook represent a diversity of health professions and geographies across academic non governmental organizations and other global partnership forms The published manuscripts highlight various elements of partnerships with several consistent themes emerging capacity building local empowerment mutual trust and respect long term commitment equity collaboration and the importance of integrating theory and practice for a balance of academic and clinical development The manuscripts provide examples of partnership and educational programs that are in the formative early stages of implementation and others which have been sustained long term some for decades The following eBook is divided into two parts with each part broken down into sections Part I of the eBook includes 18 manuscripts that showcase long term educational programs that strongly exemplify multiple foundational aspects of international partnerships in education including mutual collaboration and project management empowerment of host partners to lead and sustain programs and capacity building While individual manuscripts included in Part I look broadly at multiple aspects of successful international partnerships in education Part II manuscripts focus intently on one two elements Part II includes 13 articles that highlight partnership through short rather than long term educational initiatives as well as program development and broad academic partnerships This Research Topic was sponsored by Health Volunteers Overseas a United States based non profit that collaborates with over eighty international universities and health institutions to send volunteer health professionals to low resource countries to provide continuing education train the trainer courses professional support and consultation on academic program and curricula development

Inspiring Sustainable Behaviour Oliver

Payne,2013-05-07 What is the answer to inspiring sustainable behaviour It starts with a question or nineteen With this simple and inspiring guide you ll learn how to ask for persistent pervasive and near costless change by uncovering our hidden quirks judgmental biases and apparent irrationalities The only change you ll need to make is how you ask Businesses larger or small will soon have to cut costs and cut carbon irrespective of the products they sell or the services they perform National government has structural policy and legislative needs and local government has implementation and documentation needs

Indeed the new UK government coalition's approach to transport is simply cut costs and cut carbon. Set against this there is an increasing sense that popular culture and popular science are congregating around a desire to understand who we are and how we behave. The recent rise of behavioural economics is a testament to this as well as the relevance of environmental psychology. Allied to this is a sense that big business is forging ahead with plans to account for and mitigate carbon emissions without the marketing and communications departments being able to help or communicate this effectively either through their own efforts or those of their communication agencies. The 19 Different Ways to Ask for Change offer a solution to all these needs by pulling them together and showing that changing how we ask is near costless but its effects could be near priceless. This book shows that simplification isn't always the solution; an action can be the most successful question and a default answer can be the most important. It explores why short term memory tasks change our behaviour, how singing roads regulate speed and that commitment gaps change outcomes, how our worry profile is the same as an Argentinean farmer's, why knowledge of what kills you is irrelevant but asking about behaviour that kills is deadly and what a chimpanzee's tea party tells us about the effect of ownership on decision making. This timely book will be of great value to scholars and practitioners whose work relates to reducing carbon emissions with a particular emphasis on environmental psychology, behavioural economics, project design and psychology. It offers practical solutions for policy makers and professionals in marketing and communications departments.

Changing Employee Behavior Nik Kinley, Shlomo Ben-Hur, 2023-07-14. An important part of every manager's job is changing people's behavior: improving someone's performance, helping them better manage relationships with colleagues or sometimes even stopping them doing something. Yet despite the fact that changing people's behavior is such a fundamental skill for managers, there is little in the way of systematic support for them to go about it. This book changes that, revealing simple but powerful techniques for changing behavior that experts from a range of disciplines have been using for years. Drawing upon proven methods from psychology, psychotherapy and behavioural economics, it presents a comprehensive toolkit that managers can use to improve the performance of staff and address some of the most common challenges they face. With a new foreword and three new chapters, this revised edition expands on the original by showing how organisations and leaders have used the techniques presented in it, how these methods have become even more relevant in the post pandemic world and how it has been applied to the broader challenge of workplace culture change. Finally, supplementary videos add detail to this new content with examples and explanations presented by the authors. Armenia Country Gender Assessment Asian Development Bank, 2015-07-01. Armenia, a country of ancient traditions, is shaped by events of the recent past. As it left behind the Soviet legacy of an official gender equality policy, there came about a resurgence of patriarchal views and customs. At the same time, though, Armenia saw the growth of diverse women's civil society organizations and the development of a solid legal and policy framework for the protection of

equal rights This publication discusses gender equality concerns in Armenia s government economy society and culture It analyzes gender issues in key sectors such as energy transport water supply and municipal services and entrepreneurship Developed in cooperation with the government and other development partners this country gender assessment is envisaged to be a useful guide in developing and implementing policies programs and projects with a social and gender perspective
